Dear Sirs

As requested in the Notice to Discover dated 12<sup>th</sup> August 2005, I hereby attach the information and statements as required.

I have been involved in five Albert Shire/Gold Coast City Council Local Government elections and on each occasion the campaign has been totally funded by me and run with the support of my wife and other family members. Booth workers on the day of the election were family members, friends and a few constituents who volunteered their services.

I have no computer knowledge and therefore have no discs or computer records that would be relevant. I do keep a written diary which is enclosed.

Yours sincerely

RAY HACKWOOD

### INTEREST CALCULATIONS

**RULE:**

Multiply the principal by as many one hundredths as there are days, and then divide as follows:

Percent      4      5      6      7      8      9      10      12  
 Divide by    90     72     60     52     45     40     36     30

**EXAMPLES:**

Interest on \$100, for 90 days at 5 percent:  
 $100 \times .90 = 90.00$  divided by  $72 = 1.25$  (1 dollar and 25 cents);  
 on \$1, for 30 days at 6 percent:  $1 \times .30 = .30$  divided by  $60 = .005$  (5 mills).
