MESSAGE:

Dear Sue

Things seem to be going OK and I'm learning a lot along the way. Went into a bit of a spin in hearing the rumour Margaret Grummitt may be standing in Div 3, but I guess there's not much I can do if she does.

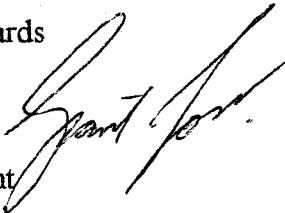

Chris & I have been working on a press release. But before I do go ahead I would like some background in what section of Council & officers will be working out of the Nerang chambers? What section of Council & officers will be left working out of Evandale (the old part)? What are the approx staffing numbers at each? When will Nerang be fully operational? And lastly, when will Evandale be fully operational?

Also need to get together with you to discuss preferences as time gets closer.

Thanks for your help.

Regards

Grant
