Saturday is not good for the photos until around 4.30pm at the earliest. But it's light to about 7pm so perhaps this would be still OK? Otherwise Sunday after 3.30pm is fine with us if Aldwyn doesn't mind.

I have revised the editorial for The Local Newsletter (it's over 400 words but can't really cut it back much more). Would you mind giving it a quick once over before I submit it?. Also, will you liase directly with Andree as to her deadline for the advertisement - around Wed or Thursday I think.

The Local Newsletter editorial -

"The trouble with common sense, is that it is not common".

Certainly some Division 6 residents have terrific 'commonsense' approaches to water. One resident captures run-off rainwater in an underground tank, using a small pump to hose his garden or even put out a fire in neighbour's houses. Another home-owner diverts rainwater from their roof to the swimming pool.

But sadly, commonsense and professionalism are lacking in our Council as was evidenced in the first meeting for 2004, which "degraded into a forum of insults" (Fiona Hamilton, The Gold Coast Bulletin).

While reasoned discussion and public debate are healthy and productive, this type of behaviour leads to frustration and inaction.

Having worked for over 20 years in several government departments, I have not witnessed such behaviour in a professional setting. I've worked with many community organisations to develop and successfully manage employment projects totalling \$10.5 million from the Southport office of the Department of Employment and Training. Projects have assisted migrants, long-term unemployed, women, youth and people with mental health issues. The most successful are those where I have a strong working relationship with the funded organisation so that any concerns I raise in relation to budgets or project delivery can be openly discussed and resolved.

But in our Council, the goal of serving the Gold Coast community is often overshadowed by the drive for personal publicity. Some long-standing councillors show little respect for their peers or even State and Federal Members and have consequently lost the respect of their own constituents.

Respect doesn't mean total agreement. It's a rare decision that is reached with 100% support, but a rational discussion will provide the fairest outcome.

I was heartened that commonsense prevailed at the community meeting at Tuesley Court on Loders Creek on January 31. It was clear that there was a long-standing problem with water flow, depth and purity in that part of the creek.

Unfortunately, heckling by one Councillor's representative (who should have known better) contributed nothing to the day's objectives.

Despite this, people agreed to work together to form an action plan in an appropriate time frame. Information will be worked into a funding submission and submitted by the State Member to Department of Resources. Responsibility will be spread where possible by exploring alternative funding sources and options.

On a final note, we all know that our city continues to experience phenomenal growth. This has led to infrastructure shortfalls and 'growing pains'. But we are now one of the largest Councils in Australia.

As such, we should ensure that our Councillors set the highest standards in terms of commonsense and professionalism.

Be sure to vote in the coming election. And to make your vote count!

I just called Andree Messer re the advertisement in The Local NEwsletter. The cost sheet she gave me previously stated that there would be 400 words of free editorial with a full-page advertisement but she now advises that the editorial will cost \$430 because "there is an election coming up". This type of tactics really annoys me - I have half a mind not to go ahead with the advertisement at all!!!

For a little more than the \$585 ad. fee plus \$430 for editorial, I can probably do a 2 colour letter-box drop to all residents, INCLUDING Molendinar which The Local Newsletter hasn't yet included for Div. 6.

Hi Roxanne,

Definitely can help you with all the items you mentioned. Would however like to sit down and confirm a program of activity so we can plan ahead and not be in a situation where every job has a very short deadline.

Meetings yesterday on funding also require a more defined set of cash flow projections so a plan would be very useful as I'm sure you'll appreciate more than most.

Photography for tomorrow is now scheduled for 5.30am, not 5am - you get to sleep in! Dress is smart casual please. Just two pics tomorrow - the 'hero' shot for letterhead and brochure plus the 'news story' pic on the closed toilet block.

The balance of photography is scheduled with Aldwyn for 3.30pm this coming Sunday. I'll confirm details with you both tomorrow.

In the next week or so, I want to drop a letter into houses on Loders Creek, reconfirming that I am willing to help them with issues raised at the community meeting.

The letterhead will need to have the same 'look' as we use later in the campaign. Would you be able to have something designed and emailed to me? I can then photocopy the letters as there will only be around 200 of them so doesn't need the colour version at this stage.

Also, I will turn up at the Car Park at Southport at 5am tomorrow for photos unless I hear from you otherwise - 04000 76 926

I'd seriously question this. You had a contract/offer from them as per their original rate card. This is almost fraudulent and I would suggest that to him. Also make the point that you are better off doing a mailer if you also cancel the March ad as well.

See what response you get. If not favourable then scrub both ads and we'll put the funds to leaflet drops. I've got some very economic suggestions for multiple drops I want to show you. And don't believe any sob story from TLN about being too close to cancellation deadline.

Let me know the result as we have just about completed the artwork for TLN ad - it can be used elsewhere.

The advertisement looks great. I will email Andree now and advise her that we don't wish to continue unless the editorial is included as per the rate card.

I have left a message with Stuart Hill to call me - I think he will agree to have "Authorised by Stuart Hill 18 Egerton Street Southport" on all my leaflets etc but will confirm once he gets back to me.

Further to our conversation today, I do not wish to go ahead with the full-page advertisement for Feb or March editions of The Local Newsletter unless the editorial is included for free as per the rate sheet that you gave me before Christmas (ie total cost of \$585).

The reason is that for \$1000 I am able to do a two colour letter-box drop to all of Division 6, including Molendinar!

If you are able to include the editorial, please liaise with Chris Morgan regarding the advertisement. I provided the editorial yesterday.

Kind regards

Attached is an email from Roxanne which is self explanatory.

1. Could you please advise if the Migrant Centre pic is available? Also I would like to get a copy of the shot taken at the recent Womens Leadership (?) function at Felini's and the names of the people in the shot please.

2. The photography schedule for Sunday is attached. I'll advise Greg Betts details shortly.

3. In addition we need to take another pic of a group of 3 people on Sat 14 Feb. at 9.30am. Will you be able to handle this shot?

Give me a call when you get a minute.

Chris

Below are some statements that people are willing for me to use in my campaign material.

The one from the Sexual Assault Support Service can't be shortened or changed in anyway. If you want to cut down any of the others, I am sure that would be fine.

See you tomorrow.  
Roxanne

Mona Orszulak, Founder of The Migrant Centre

Roxanne Scott has demonstrated a desire to help new Australians and gets a job done without fanfare or self promotion. She appreciates the diversity and culture that stems from a multicultural society and recognises the difficulties faced in a new homeland such as Australia, particularly for those whose first language is not English.

Les Shepherd, Division 6 Resident

For far too long we people of Southport and the Gold Coast have accepted and voted for inferior councillors – unqualified amateurs. Roxanne is a breath of fresh air – focussed, communicable and a driving force. Let's go – it's a new era. Let's get with Roxanne. This is our chance, don't blow it.

Di McLeod, Gold Coast Sexual Assault Support Service

Roxanne Scott has worked with the Gold Coast Sexual Assault Support Service for several years. In that time we have found her to be hard working and always willing to listen and provide assistance when requested. She has a demonstrated understanding of and commitment to issues affecting our community's safety and has shown considerable support of our initiatives to end violence against women.

Andrea Meredith, South Coast Industry and Schools in Co-operation (SCISCO)

I have worked with Roxanne Scott in recent years on a number of committees and projects that have assisted disadvantaged youth to make successful transitions from school to work. Many of the young people involved were early school leavers or faced significant barriers such as homelessness.

Roxanne has always made herself readily available to provide assistance and advice and as a mother of two teenage sons, she appreciates the strong support that our young people need to experience success.

Carroll Birrell, The Schizophrenia Fellowship of Qld, Gold Coast

At a time when we were establishing the Schizophrenia Fellowship's Federation Clubhouse, Roxanne provided invaluable advice in relation to various government funding opportunities that would complement the Clubhouse model. Roxanne has followed the development of the Clubhouse with interest and has always been willing to support community members who have a mental health disorder, not only through Schizophrenia Fellowship but through other

organisations as well.

Chris

I have attached the revised text for the personal letter.

Not much luck yet getting someone to authorise the newspaper articles but will get back to you as soon as I have someone.

Cheers  
Roxanne

Dear resident,

*It's time for a change*

The coming Council election represents a crossroad for Division 6.

It is the first time since 1997 that electors have had a choice as the current Councillor was unopposed in 2000.

As such, it is critical not only that you vote but also that you give full consideration to who you think will best represent the Division and Gold Coast to 2008.

In recent months I have door-knocked some 95% of the Division.

I hope this an indicator to you that I have a strong commitment to the area and the people, a commitment that I will certainly carry forward should I be elected as your Councillor. With 20 years in professional positions with the Queensland Government, I have a sound knowledge of government processes. In recent years I have managed employment programs from the Southport office of the Department of Employment and Training and during that time, I have worked with many community organisations within the Division that assist the unemployed, disabled, youth and non-English speaking migrants.

I believe that we need to bring a greater professionalism to our Council. We need people with a commonsense approach who are willing to work as a team to meet the many challenges facing Gold Coast.

I seek your support – after all, you are Division 6 and we deserve better.

Sincerely,

Roxanne Scott  
Independent Candidate  
Division 6 Gold Coast City Council

As per the advise below, we can get on scooters for the 3 days we want.

Material deadline is now 16th March which give us some more time for production.

please let me know as soon as possible so we can organise this.

Dear Kaye,

We have availability for the 25th, 26th and the 27th March for 3 scooters. The rate will stay the same as previously quoted \$440 per scooter per day.

In regards to production if you want to do it yourself that is fine and there won't be any charges from Scooter Ads for printing. However should we do the printing for you we will need artwork from your designers no later than Tuesday 16th March so as to allow for printing time and freight to Qld.

Let me know when you have a firm answer and we will organise route schedule etc.

Kind regards,  
Amanda

Hello Amanda,

I'm sorry I haven't got back to you earlier.

We will not be ready to do the scooters the weekend of 20/21 March, so we are thinking of using them for 3 days in a row - March 25, 26, 27th March.

Are these dates available?

Is the rate still the same?

What would be the production cost if we supplied you with finished art for 3 scooters? What would be the deadline for booking and production?

Many thanks

Kaye

Chris

After many, many phone calls this is all I could come up with for sign locations. Can you let me know when they might be going up please?

Roxanne
