Hi Ted,

Can't get your home pc to accept an email - keeps bouncing them back, hence this FAX.

Could you clarify a point for me please- have you already got your letterhead underway, in which case I'll delete the job from our Quadrant Work In Progress?

Secondly from Wayne's response to this Email(FAX version) requesting a copy of your letterhead art for the With Comps/CPR card job - it appears I don't have to do anything further on that as well. Is that correct?

Call me in the office this evening or if no response, on mobile tonight and tomorrow.

Many thanks

Chris M.

Hi guys,

Makes a difference to have our team back on deck. Have briefed them. All the various concepts we discussed to firstly establish costs. I'm away in Sydney tomorrow- should have quotes coming together Wed/Thurs latest.

I've also requested our Studio to proceed immediately with preparation of the "Well done Ted" and "10 out of 10" logos. One or both of these will be applied to the initial art Wayne needs for the With Comps / CPR card.

Question - Ted, do you have any reference to/access to the existing letterhead art. I'll need it for the 2000 letterheads and also more importantly for the reverse of the With Comps/CPR cards. Can you give me a call on this today/tonight so I can get this underway - if it's with a printer we can deal with them direct.

Interesting reading in the Bulletin on Saturday - apparently 'Lack of consultation' is the top issue in Div 9.- or is it just in Alice's Wonderland?

Talk to you soon.

Regards

Chris M.

PS: Updated Draft Election Program to follow this evening. Hadn't forgotten - just needed to confirm dates today now the team is back.
