CMC Review of Motorbike Noise Laws
Attention Nadine Seifert
GPO Box 3123
BRISBANE Q 4001

28 July 2008

Dear Ms Seifert

I refer to the CMCs review of Queensland's off road motorbike noise laws and the copy of enclosed correspondence received from Cr Graham Able of the Logan City Council.

describes a rock throwing incident which occurred on the Logan Motorway, where police were unable to apprehend the offenders as they use trail bikes to make a quick exit.

The use of trail bikes not only creates noise in urban and semi urban areas but the bikes are also used for criminal behaviour as can be seen from email.

It is not the bikes themselves that cause the problems but the misuse of these bikes by an irresponsible minority.

I trust the CMC will consider this situation as it would not appear to be an isolated incident.

Thank you for your consideration of this matter.

Yours faithfully
