CRIME AND
MISCONDUCT
COMMISSION

QUEENSLAND

The Crime and Misconduct Commission (CMC) operates under the provisions of the *Crime and Misconduct Act 2001*. This Act provides the CMC with a unique mandate and special powers to combat major crime and to advance the integrity of the public sector. In performing our functions we are required to act independently in pursuit of the public interest.

In meeting our obligations we:

- ▶ combat major crime by exercising special powers and recovering the proceeds of crime
- ▶ provide witness protection services
- ▶ assist agencies to effectively prevent misconduct and manage their integrity systems
- ▶ investigate allegations of serious misconduct
- ▶ provide analysis and direction on policy issues within our jurisdiction, including advice to government, the Queensland Police Service, government agencies and authorities with which we collaborate.

The CMC's activities contribute to keeping our children safe; our institutions, politicians and public officials ethical and accountable; our police honest; and our communities as free as possible from crime and corruption in accordance with the Government's statement of objectives for the community.

Our specific performance targets, progress, achievements and the degree to which we have met the commitments outlined in this plan will be included in our Annual Report.

Our priorities in 2012–13

In addition to our prime responsibilities to combat major crime and promote public sector integrity, we have identified the following priorities for 2012–13:

- ▶ Increase the capacity and outcomes of our proceeds of crime function.
- ▶ Work with partners to develop law enforcement and policy responses to emerging internet technology enabled major crime.
- ▶ Change our processes, including workforce models, as a result of the Independent Review of the Police Complaints, Discipline and Misconduct System.
- ▶ Enhance our engagement with Indigenous communities, organisations and people.
- ▶ Improve our capacity to effectively manage high-risk projects and issues.
- ▶ Assess the misconduct risks in local government and prioritise and amend our initiatives and responses accordingly.

Our challenges

- ▶ Effectively collaborating with the community and our stakeholders to foster strong public confidence in our operations
- ▶ Ensuring strong leadership and management to embed continuous organisational improvement
- ▶ Further improving communications that educate, invite interaction and promote awareness
- ▶ Attracting and retaining a specialist workforce in a competitive labour market
- ▶ Continuing to improve our impact through timely service delivery
