The C M C ignored Dr. Tamara Walsh`s Recommendations, of T C Beirne School of Law, University of Queensland, on her submission about the Public Nuisance Law, Summary Offensives Act. (section 6)

I personally feel the C M C is a corrupt instrument of a corrupt Labor Government. The move on powers are just one more example of this. I can prove corruption in the QPS but who do I prove it to. Crime and Misconduct Commission what a laugh.

If you want an in-depth example of how corrupt these move on powers are being used by a corrupt QPS.(xxxxxxxx) Please refer to my web site < courtneyvcops.com >

Near the bottom of the homepage you`ll find SUPREME COURT OF QUEENSLAND. at the top of this document you`ll find xxxxxxx`s move on direction. It is based solely and totally on lies but what was my recourse in not obeying the order.

We the citizens of Queensland have lost our freedom of speech when this happens.

If you really are interested in doing the right thing that is.

Sincerely yours

Raymond James Courtney
