Your submission

You may wish to address the following considerations in your submission.

Open, transparent and accountable government

A important need if integrity processes are to be maintained. While total transparency often creates feelings of great vulnerability -it is needed as it is the platform for truth.

Freedom of speech

I totally support freedom of speech as uncomfortable it may be at times with a caveat on "hate preachers" who need to be censored:

Reputation of alleged subject officers

Low key media releases emphasizing allegation until final ruling known.

Fair trial

Transparency and impartially critical.

Effectiveness of the CCC

Mixed feelings re its effectiveness; however it is a necessary "watchdog" to maintain integrity of our governance systems. .

Other

Whistle blowers (particularly public servants) must not be prosecuted as truth must always prevail even if it is an embarrassment to a department. It is the only real vehicle for meaningful change and improved governance systems.
