Ashgrove	F-033-00058	Brisbane City Council	construct tennis courts, support facilities and training fields for rugby league and soccer at Grange	construction of six tennis courts, including lights, support facilities building and two training fields at Grange	125 Grange Rd GRANGE	Outdoor - tennis courts	South East	Brisbane	Grange	\$2,065,000.00	\$945,000.00	\$1,697,488.00	\$367,512.00	\$848,744.00	H	H	H	Recommended	This project is recommended as a short-listed application as project need is demonstrated through the identified service delivery gaps for tennis. Surveys show a serious shortage of tennis courts in the region. The project clearly defines how it will enhance or increase participation opportunities and is identified as a high priority in Brisbane City Council's Tennis Court Site Assessment for Inner North Brisbane. The Major Facilities Program priorities are included through provision of access to a range of target groups including school groups, wheelchair tennis programs, coaching clinics, recreational programs such as Active Parks and Growing Old, school holiday activity providers, and the general community. An integrated Water Management Plan will be prepared for the development and the project includes well devised and planned energy efficiency measures. Land tenure is confirmed. Community letters of support have been provided. Funding contributions from Council have been confirmed in their 2008/2009 budget.
Broadwater	F-033-00094	Gold Coast City Council	construct stage one of four multipurpose fields for rugby league, soccer and athletics at Runaway Bay	construct stage one of four multipurpose fields (2 fields x 118m plus buffer zone and 2 fields x 76m plus buffer zone) for rugby league, soccer and athletics at Runaway Bay	Oxley Dr RUNAWAY BAY	Outdoor - multipurpose fields	South East	Gold Coast	Runaway Bay	\$3,195,000.00	\$1,459,355.00	\$2,675,904.00	\$519,096.00	\$1,337,952.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has demonstrated the project meets current needs and will attract increased participation such as soccer clubs, cricket clubs, baseball clubs, rugby league teams, gridiron teams and athletic clubs. The project is identified as a high priority in a local plan including Gold Coast City Council Corporate Plan 2005-2009 and other strategy documents. The consultation with stakeholders and the community is well demonstrated and new activities have been identified through this consultation. The project is planned with strategies for water management, including sustainable water savings through the use of recycled water and energy efficiency measures including wind-based renewable energy. Land tenure is confirmed. Development Approval has been granted, funding contributions for the project are confirmed and the scope of works are clearly defined.
Burleigh	F-033-00095	Burleigh Heads Mowbray Park Surf Life Saving Club Inc	construct multipurpose building for kayaking, aerobics, fitness and life saving at Burleigh Heads	construct a new multi-level surf sports and physical activity building with a gymnasium, an open physical training area and a storage area for kayaking, aerobics and life saving at Burleigh Heads	4 Goodwin Tce BURLEIGH HEADS	Indoor - multipurpose facility	South East	Gold Coast	Burleigh Heads	\$2,381,576.00	\$693,682.00	\$2,381,576.00	\$0.00	\$693,514.93	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Club has demonstrated project need and how it will meet the service delivery gaps for the community. The project clearly identifies the inclusion of additional users and was identified from research and feedback from sport coaches, local school sports programs and community groups wishing to access training space and a community gym. The proposed facility is expected to attract additional interclub state and national events. An independent feasibility study was conducted which identified various participants, community groups, organisations and individuals who would utilise the proposed facilities. The project is planned with strategies for water management and has well devised energy efficiency measures. The Club is currently in the process of obtaining a new Trustee Lease for a proposed term of 15 years. The owner's consent has been provided but a Development Approval application is yet to be lodged. Contributions covering most of the project are confirmed and the Club is requesting only 29% of the total eligible project cost. The project satisfies the requirements to proceed to the Major
Cairns	F-033-00047	Cairns Regional Council	construct a walking/bicycle path from the CBD to surrounding areas at Cairns.	constructing an off road walking/bicycle paths incorporating missing links from the CBD to surrounding areas to provide a linked and continuous circuit from the CBD lagoon area to Cairns' iconic regional attractions of the Esplanade Foreshore, the Botanical Gardens, the Jack Barnes Bicentennial Mangrove Boardwalk and the Cairns Central Swamp.	Esplanade and CBD CAIRNS CITY	Outdoor - walking trail	Far North	Cairns	Cairns City	\$900,000.00	\$450,000.00	\$900,000.00	\$0.00	\$450,000.00	H	H	H	Recommended	The project is recommended as a short-listed applicant as the Council has demonstrated project need as it is deemed part of Cairns' Pedestrian Movement & Cycle Travel Strategy which was adopted by the Council in 2004. The proposed circuit will provide facilities in a supportive environment to encourage increased physical activity by residents and visitors alike. The applicant has provided information that addresses the Major Facilities Program priorities as the project provides for significant access to the general community, tourists and visitors for cycling, walking and running. Cairns Regional Council has indicated they will commit funds in their 2009/2010 budget.
Caloundra	F-033-00043	Sunshine Coast Regional Council	upgrade a 25 metre heated swimming pool at Caloundra Aquatic Lifestyle Centre at Caloundra.	upgrading of a 25 metre heated swimming pool incorporating access steps, wet deck, heating system and filtration system at Caloundra Aquatic Lifestyle Centre at Caloundra.	Arthur St CALOUNDRA	Aquatic - swimming pool upgrade	South East	Sunshine Coast	Caloundra	\$1,026,245.00	\$464,932.00	\$1,026,245.00	\$0.00	\$464,888.99	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has demonstrated project need as heating the pool will extend usage period of the pool and lessen overcrowding in peak times. The applicant has provided information that addresses the Major Facilities Program priorities by extending the life of an existing sport and recreation facility. Land tenure and funding contributions have been confirmed, which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Charters Towers	F-033-00128	Charters Towers Regional Council	construct a heated pool, plant room, change rooms, ramp and kiosk entry for swimming, water aerobics and life saving at Charters Towers	construct an additional 25 metre x 12.5 metre enclosed heated pool (roofing structure with drop down walls), with separate plant room, change rooms, entry/exit ramp and kiosk entry for swimming, water aerobics and life saving at Charters Towers	7 - 13 Plummer St LISSNER	Aquatic - swimming pool	Northern	Charters Towers	Lissner	\$1,550,000.00	\$775,000.00	\$1,542,313.00	\$7,687.00	\$771,156.50	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has clearly demonstrated this project meets the identified service delivery gaps for swimming and other water sports. Currently, the existing pool is closed during the winter months and cannot meet the demands of the growing population, therefore a new pool that opens all year around will increase participation. The organisation has clearly demonstrated how the project will attract new events, programs and competitions at the local and regional level and is identified as a priority in the Charters Towers City Council Sport and Recreation Strategy. The project has strategies for water management and well devised energy efficiency measures. Land tenure and funding contributions for the project have been confirmed.
Charters Towers	F-033-00141	Barcaldine Regional Council	upgrade swimming pool and amenities block at Alpha	upgrade of an existing swimming pool to a 25 metre x 8 lane heated pool including disabled access and a new larger amenities block for swimming at Alpha	Dryden St ALPHA	Aquatic - swimming pool and amenities	Central	Barcaldine	Alpha	\$1,639,000.00	\$819,500.00	\$1,639,000.00	\$0.00	\$819,500.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has demonstrated that the project meets the identified service delivery gaps and how it will enhance participation opportunities in the Alpha community. Land tenure is confirmed and Development Approval has not yet been lodged. Funding contributions from Council have been identified in the budget.
Chatsworth	F-033-00060	Redlands Rugby Union and Recreation Club Inc	construct change rooms, medical room and a referees room for rugby union at Birkdale	construction of two new change rooms, medical room and a referees room for rugby union at Birkdale	2948A Old Cleveland Rd CAPALABA WEST	Ancillary - change rooms	South East	Brisbane	Capalaba West	\$1,230,000.00	\$175,000.00	\$350,000.00	\$0.00	\$175,000.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as this project meets the identified service delivery gaps for rugby union and the community. The project clearly defines how it will enhance participation opportunities and identifies the inclusion of additional users for the facility at the local and regional level. The project is planned with strategies for water management and energy efficiency. Land tenure is confirmed with a lease until 2015 and funding contributions have also been confirmed. The project is at the detailed design stage and satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.

State Electorate	G2 Reference	Client	Project Description	Detailed Description	Project Address	Project Name	SRQ Region	LGA	Locality	Total Project Cost	Total Funding Requested	Eligible Project Cost	Ineligible Project Cost	Maximum Fundable Amount	Need	Program Priorities	Ability to Deliver	Moderated Priority	Moderated Rationale
Cunningham	F-033-00117	Toowoomba Regional Council	construct a community based off-road criterium cycling track at Kearney Springs	construct a community based off- road 1.380km (8m wide) criterium cycling track with toilet and shower facilities, and 2 shade structures for cycling at Kearney Springs	Ruthven St KEARNEYS SPRING	Outdoor - cycling track	South West	Toowoomba	Kearneys Spring	\$2,632,094.00	\$1,041,047.00	\$2,082,094.00	\$550,000.00	\$1,041,047.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has clearly demonstrated this project meets the identified service delivery gaps as there is currently no off-road cycling facility for community use, training or competitive cycling within the Toowoomba Regional Council area. There are three active cycling clubs in the area with over 800 members. The organisation has clearly demonstrated how the project will attract new events, programs and competitions at the local, regional, state and national level. The consultation with stakeholders, users and the community is demonstrated and new activities have been identified through this consultation. The project is planned with strategies for water management and energy efficiency measures. Land tenure is confirmed, letters for support have been provided by schools, cycling clubs, triathlon clubs, Cycling Queensland and local groups. Development approvals have not been lodged but contributions for the project are confirmed.
Gladstone	F-033-00061	Tannum/Boyne Seagulls Junior RfC Incorporated	upgrade of fields and ancillary structures for rugby league and touch football at Boyne Island	upgrade of rugby league and touch football fields, lighting, storage shed, indoor area, and amenities at Boyne Island	Pioneer Drive BOYNE ISLAND	Outdoor - multi-sport fields	Central	Gladstone	Boyne Island	\$660,000.00	\$330,000.00	\$660,000.00	\$0.00	\$330,000.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Club has clearly demonstrated service delivery gaps for the sport and defines how it will increase participation although located near other facilities. The organisation has demonstrated how the project will attract new events, programs and competitions at the local, regional and state level with a major increase in the number of participants. The project is planned with strategies for water management and energy efficiency. Land tenure and funding contributions are confirmed and Development Approval is in progress. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Gregory	F-033-00115	Central Highlands Regional Council	construct the Gemfields swimming pool complex	construction of a 12 x 4 metre swimming pool, 4 x 4 metre wading pool, plant room, office/first aid room, shade structures and amenities facilities for The Gemfields	Sapphire Rubyvale Rd THE GEMFIELDS	Aquatic - swimming pool and amenities facilities	Central	Central Highlands	The Gemfields	\$979,000.00	\$379,000.00	\$758,000.00	\$221,000.00	\$379,000.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has demonstrated that this project meets the identified service delivery gaps for swimming within the community. The project defines how it will increase participation and attract new users as there are no existing facilities within a reasonable distance. The consultation with stakeholders and the community is demonstrated and new activities have been identified through this consultation. The project is planned with strategies for water management and energy efficiency measures. Land tenure is confirmed as Council is trustee, but land owner's permission has not been obtained as yet. Relevant approvals are not required. Funding contributions for the project are confirmed but evidence is not provided.
Gregory	F-033-00116	Central Highlands Regional Council	develop Sunrise Rotary Park for BMX riding, tennis and basketball at Emerald	redevelopment of the existing BMX track precinct to become Sunrise Rotary Park for BMX riding, tennis and basketball at Emerald	Opal St EMERALD	Outdoor - track	Central	Central Highlands	Emerald	\$395,849.00	\$197,925.00	\$395,849.00	\$0.00	\$197,925.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as it meets the identified service delivery gaps within the community. The proposed re-development of the existing BMX track also includes facilities for other activities at the site. Land tenure and funding contributions are confirmed and secure.
Hervey Bay	F-033-00100	Fraser Coast Regional Council	extend the recreation centre for basketball, netball, gymnastics and community sports at Hervey Bay	Extend and upgrade the Hervey Bay Community Recreation Centre for basketball, netball, indoor soccer, volleyball, badminton, fencing, judo, martial arts and gymnastics at Hervey Bay	161 - 179 Old Maryborough Rd PIALBA	Indoor - multipurpose facility	Central	Fraser Coast	Pialba	\$1,177,800.00	\$588,900.00	\$1,177,800.00	\$0.00	\$588,900.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has demonstrated this project meets significant service delivery gaps for the community and identifies how the project will attract new events and programs at the local and regional levels. The project is identified as a high priority in the 2008 Fraser Coast Regional Sport, Recreation and Open Space Strategy and the 2008 Draft Hervey Bay Sport, Recreation & Community Facilities Plan. Consultation with stakeholders and the community is demonstrated and new activities have been identified through this process. The project includes strategies for water management and energy efficiency measures. Land tenure is confirmed and Development Approval is not required. Funding contributions for the project are confirmed. The scope of works are not clearly defined but are appropriate.
Hinchinbrook	F-033-00137	Hinchinbrook Shire Council	install lighting at the showgrounds for rugby league and equestrian at Ingham	installation of new flood lighting at the showgrounds for rugby league and equestrian at Ingham	Cooper St INGHAM	Ancillary - lighting	Northern	Hinchinbrook	Ingham	\$570,000.00	\$285,000.00	\$570,000.00	\$0.00	\$285,000.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council clearly demonstrated this project meets the identified service delivery gaps and will enhance participation opportunities. The applicant has provided information that addresses the Major Facilities Program priorities as the project provides access to a range of target groups including the general community and has provided evidence of community consultation. Land tenure has been approved and Development Approval is not required. Funding contributions have not been confirmed although a commitment has been made by the Council in the next budget.
Kurwongbah	F-033-00023	Pine Rivers Memorial Bowls Club Limited	upgrade a lawn bowls green and covered shade cover at Bray Park	upgrade of an existing lawn green to a synthetic green with a covered shade cover at Bray Park	Sparkes Rd BRAY PARK	Outdoor - lawn bowls green upgrade	South East	Moreton Bay	Bray Park	\$2,992,559.00	\$1,488,780.00	\$2,987,559.00	\$5,000.00	\$1,488,700.65	H	H	H	Recommended	This project is recommended as a short-listed applicant as it meets the identified future service delivery gaps for the sport and clearly defines how it will increase participation and events at the local, regional, state and national level. The applicant addresses the Major Facilities Program priorities by allowing access to a range of target groups within the general community. The project is planned with strategies for water management and includes some potential for modest energy efficiency measures. Land tenure is confirmed and Development Approval has been obtained. The project is at the detailed design stage and satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Toowoomba North	F-033-00052	Highfields State School	construct a multipurpose community auditorium on land at the Highfields State School at Highfields.	construction of a multipurpose community auditorium on land at the Highfields State School at Highfields. The auditorium will be approximately 678 square metres, fitted with sports flooring to provide a venue for a variety of sports activities for the School and the wider community. The auditorium will include a stage and storage areas.	10475 New England Highway HIGHFIELDS	Indoor - multipurpose auditorium	South East	Toowoomba	Highfields	\$1,259,000.00	\$584,000.00	\$1,259,000.00	\$0.00	\$583,924.20	H	H	H	Recommended	This project is recommended as a short-listed applicant as the School has demonstrated a high project need. Identified service delivery gaps in the community are directly addressed as the nearby Highfields Indoor Sports Center is used to capacity during peak hours. A range of groups has been identified as additional users and letters of support from these groups indicate a major increase in participant numbers. The Major Facilities Program priorities are addressed through access for a range of target groups with whom extensive consultation refined the design concept to meet the needs of target groups. A letter from the Principal has demonstrated a commitment for community use of the proposed facility. While a Development Approval application is yet to be lodged, funding contributions are confirmed including funding from Toowoomba Regional Council and from Queensland Education under the Smart School Subsidy Scheme.
Mackay	F-033-00130	Southern Suburbs Football Club (Mackay) Inc	upgrade the lawn bowls green and install roofing at Mackay	upgrade of an artificial lawn bowling surface and covered roof for lawn bowls at Mackay	39 Wardrop St WEST MACKAY	Outdoor - lawn bowls green upgrade	Northern	Mackay	West Mackay	\$1,430,000.00	\$712,120.00	\$1,424,240.00	\$5,760.00	\$712,120.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as this project meets the identified service delivery gaps, defines how it will enhance participation opportunities and clearly demonstrated how the project will attract new events, programs and competitions. The project has included some water efficiency measures with further consideration of this issue at application stage. The proposed site of the facility is owned by the State government and a lease will be entered into and funding contributions have been confirmed.

State Electorate	G2 Reference	Client	Project Description	Detailed Description	Project Address	Project Name	SRQ Region	LGA	Locality	Total Project Cost	Total Funding Requested	Eligible Project Cost	Ineligible Project Cost	Maximum Fundable Amount	Need	Program Priorities	Ability to Deliver	Moderated Priority	Moderated Rationale
Moggill	F-033-00012	Moggill State School	construct a multipurpose sports hall for futsal, basketball and badminton at Moggill State School	construct a multipurpose sports hall incorporating changerooms, kitchen, storage and amenities at Moggill State School	3417 Moggill Rd MOGGILL	Indoor - multipurpose facility	South East	Brisbane	Moggill	\$1,739,162.00	\$779,006.00	\$1,734,162.00	\$5,000.00	\$778,985.57	H	H	H	Recommended	This project is recommended as a short-listed applicant. The school has demonstrated project need as the closest similar facility is 10km away and there is a high demand for additional facilities. The applicant addresses the Major Facilities Program priorities as there are a number of new activities and programs to be offered at the facility. The applicant has undertaken significant planning, the designs, costings and budget are appropriate. Tenure and funding are confirmed which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Mount Isa	F-033-00134	McKinlay Shire Council	construct an indoor multipurpose centre for basketball, netball and volleyball at Julia Creek	construction of an indoor multipurpose indoor sports centre for basketball netball and volleyball at Julia Creek	32 Julia St JULIA CREEK	Indoor - multi-sport facility	Northern	McKinlay	Julia Creek	\$950,000.00	\$475,000.00	\$950,000.00	\$0.00	\$475,000.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as this project meets the identified service delivery gaps, defines how it will enhance participation opportunities and clearly demonstrated how the project will attract new events, programs and competitions. The project has included some water efficiency measures with further consideration of this issue at application stage. The proposed site of the facility is owned by the State government and a lease will be entered into and funding contributions have been confirmed.
Mount Ommaney	F-033-00025	The Mcleod Country Golf Club	install an irrigation system for the golf course at Mount Ommaney	installing an underground irrigation system to complete stages two and three of a staged underground watering system at Mount Ommaney.	61 Gertrude Mcleod Cres MOUNT OMMANEY	Ancillary - underground irrigation system	South East	Brisbane	Mount Ommaney	\$350,000.00	\$175,000.00	\$350,000.00	\$0.00	\$175,000.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Club has demonstrated project need and intends to conduct an education and marketing program to attract former and new golfers. The applicant has provided information that addresses the Major Facilities Program priorities and the project is planned with strategies for water management. Land tenure has been confirmed and the Club will be seeking a loan for their funding contribution.
Mount Ommaney	F-033-00066	Centenary Rowing Club Inc	construct a rowing complex at River Hills	construct a two storey rowing complex with boat storage, training and function room, toilets and shower facilities at River Hills	552 Sumners Rd RIVERHILLS	Ancillary - rowing complex	South East	Brisbane	Riverhills	\$780,000.00	\$390,000.00	\$780,000.00	\$0.00	\$390,000.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Club has demonstrated project need as the facility services over 24 schools as well as its club membership. Current facilities do not provide adequate level of service to the user groups. The applicant has provided information that addresses the Major Facilities Program which will attract other users such as fishing clubs and boating clubs. Land tenure and funding contributions are confirmed and Development Approval is finalised, which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Murrumba	F-033-00044	The Redcliffe District Rugby League Football Club Incorporated	construct a fitness centre for boxing, weightlifting and aerobics at Kippa-Ring	construct a fitness and wellbeing centre as Stage 2 to the multipurpose indoor heated pool facility at Kippa-Ring.	Ashmole Rd KIPPA RING	Indoor - multipurpose facility	South East	Moreton Bay	Kippa Ring	\$4,935,550.00	\$1,500,000.00	\$4,435,550.00	\$500,000.00	\$1,499,659.46	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Club clearly demonstrates this project meets the identified service delivery gaps for the community and clearly defines how it will enhance participation opportunities. The project also identifies the inclusion of additional users and has demonstrated how the project will attract new programs at the local and regional level. The project is planned with strategies for water management and energy efficiency. Land tenure is confirmed and relevant planning approvals are in place. The project is at detailed design stage which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Noosa	F-033-00045	Sunshine Coast Regional Council	construct the Girraween Sports Complex for cricket, soccer and cycling at Noosa Heads	construction of the Girraween Sports Complex, including two district senior cricket fields, a criterion cycling circuit and clubhouse with amenities at Noosa Heads.	Cooyar St NOOSA HEADS	Ancillary - Sports complex, clubhouse and amenities	South East	Sunshine Coast	Noosa Heads	\$5,003,093.00	\$1,454,146.00	\$2,952,659.70	\$2,050,433.30	\$1,453,889.64	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has identified service delivery gaps in cricket and criterion cycling. The project clearly defines how it will increase participation opportunities and identifies the inclusion of additional sports including soccer, cycling, skating and triathlon. The land is owned by the Council and Development Approval has been received. Funding contributions for the project are yet to be confirmed.
Redcliffe	F-033-00055	Moreton Bay Regional Council	upgrade and extend the Redcliffe Tennis Centre and construct clubhouse	upgrade and extend the Redcliffe Tennis Centre to a 12 court complex, with upgraded resurfacing on 10 courts and 2 new plexicushion courts, with new lighting and fencing to meet national competition standards and Australian Standard AS lighting for outdoor courts, and a new clubhouse with club rooms, kiosk, tennis shop, toilets, amenities and spectator seating for tennis at Redcliffe	Oxley Ave REDCLIFFE	Outdoor - tennis complex, lighting and clubhouse	South East	Moreton Bay	Redcliffe	\$3,090,000.00	\$1,500,000.00	\$2,869,111.00	\$220,889.00	\$1,434,555.50	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has demonstrated that the upgrade and extension will provide more opportunities for social and competitive participation in tennis as well as enhancing coaching and development programs in the Redcliffe area. The organisation has clearly demonstrated how the project will attract new events, programs and competitions at the regional and state level. The project is planned with strategies for water management and energy efficiency. Land tenure and funding contributions have been confirmed and Development Approval has been received. The project is at the detailed design stage and satisfies the requirement to proceed to the Major Facilities 2009 Application stage
Robina	F-033-00090	Gold Coast City Council	construct ten courts and install lighting and rainwater tanks for tennis at Miami	construct ten synthetic grass courts with lighting and rainwater tanks for Gold Coast Seniors Tennis Club Inc and Miami Tennis Club Inc for tennis at Miami	Oceanic Dr MERMAID WATERS	Outdoor - tennis courts	South East	Gold Coast	Mermaid Waters	\$1,178,275.00	\$589,138.00	\$1,155,711.00	\$22,564.00	\$577,855.50	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has clearly demonstrated this project meets the identified service delivery gap for tennis within the community. The population growth already experienced, and the growth projected, particularly in suburbs surrounding the Gold Coast Seniors Tennis Club and Miami Tennis Club, coupled with near capacity operations of the club, illustrates the need to expand. The organisation has clearly demonstrated how the project will attract new events, programs and competitions at the local, regional, state and national level, including the 2010 Australia Senior Championships. Land tenure is not confirmed, however Education Queensland (owner of the land) is in the process of transferring the land title to Gold Coast City Council for the tennis courts. Development Approvals are yet to be lodged and funding contributions for the project are confirmed
Sandgate	F-033-00059	Brisbane City Council	develop fields and irrigation system for soccer, touch football and softball at Deagon	construct sports fields, install irrigation system and water harvesting system for soccer, touch football and softball at Deagon	83 Board St DEAGON	Outdoor - sports fields and irrigation system	South East	Brisbane	Deagon	\$492,564.00	\$246,282.00	\$492,564.00	\$0.00	\$246,282.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has clearly defined how it will enhance or increase participation opportunities. This project is Stage 3 of the Deagon Sportsground Park Masterplan, which will increase the range of new programs to offer, along with more participation in current programs. The upgraded sportsground will enable it to host touch football, softball, a greater range of soccer programs, fitness programs, and a range of school sports and activities. The project is planned with strategies for water management. Land tenure is confirmed and funding contributions for the project are evident. The project is at Concept Plan stage and the project is achievable within the program funding period which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.

Southern Downs	F-033-00032	Warwick Hockey Association Inc	upgrade the existing water based synthetic hockey surface to a hybrid wet/dry surface at Warwick.	upgrade the existing water based synthetic hockey surface to a hybrid wet/dry surface at Warwick.	Alice St WARWICK	Outdoor - hockey surface	South West	Southern Downs	Warwick	\$420,000.00	\$210,000.00	\$420,000.00	\$0.00	\$210,000.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as the Club has demonstrated that the project will provide access to the community at a reasonable cost, and the project will reduce the cost of excess water charges and will be able to provide new programs and attract new events. Land tenure is confirmed, the designs are appropriate and a portion of its funding contribution is confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage. However, the local government funding of \$145,000 has not been confirmed but it may be confirmed by application close in February 2009.
Southern Downs	F-033-00041	Goondiwindi Regional Council	construct a six lane swimming pool at Inglewood.	construction of a new six lane swimming pool, including a main competition pool, wading pool and new plant/pump room and filtration systems at Inglewood.	Cnr George and Victoria Streets INGLEWOOD	Aquatic - swimming pool and ancillary facilities	South West	Goondiwindi	Inglewood	\$2,200,000.00	\$1,100,000.00	\$2,200,000.00	\$0.00	\$1,100,000.00	H	H	H	Recommended	This project is recommended as a short-listed applicant as service delivery gaps for the sport and community are clearly identified in the Council's Sport and Recreation and Operational Plans. The project addresses the Major Facilities Program priorities, by providing significant access to a range of target groups within the general community. The project includes strategies for water management and energy efficiency. Land tenure is confirmed, although funding contributions are not all confirmed. The project is at the preliminary design stage and satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Southport	F-033-00089	Southport State High School	upgrade of four tennis courts and lighting installation at Southport State High School	upgrade of the existing four tennis courts to four plexicushion courts incorporating lighting 24 x 1000 natural halide luminaries to meet International Tennis Federation standards for tennis at Southport State High School	75 Smith St SOUTHPORT	Outdoor - tennis courts	South East	Gold Coast	Southport	\$561,130.00	\$280,565.00	\$547,697.00	\$13,433.00	\$273,848.50	H	H	H	Recommended	This project is recommended as a short-listed applicant as the current tennis centre at Labrador has been resumed by Main Roads for widening the road and the Labrador Tennis Centre intends to enter into a joint use agreement with the Southport State High School. It is intended that the facility will become a feeder club for the State Tennis Centre at Tennyson and this will provide for a number of new proposed programs at the facility. Land tenure and funding contributions are confirmed. Development applications are yet to be lodged. Clarification is required regarding court equipment included in the budget as it may be ineligible. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Waterford	F-033-00082	Logan City Council	construct playing fields clubhouse and ancillary facilities for rugby union and touch football at Meadowbrook	construction of two new playing fields, competition standard field lighting, a new clubhouse facility, seating, kiosk, amenities building change rooms for rugby union and touch football at Meadowbrook	68 University Dr MEADOWBROOK	Field - multi-sport fields and ancillary facilities	South East	Logan	Meadowbrook	\$3,045,071.00	\$1,474,536.00	\$2,933,953.00	\$111,118.00	\$1,466,976.50	H	H	H	Recommended	This project is recommended as a short-listed applicant as need has been demonstrated as the Logan City Rugby Union Club (LCRUC) is currently sharing an overcrowded facility at Homestead Park with many other user groups. The applicant has provided information that addresses the Major Facilities Program as relocating will allow the Club to expand and enter the Premier Rugby competition which will bring new competition and events to the Club. Griffith University has indicated its intent to confirm land tenure if the project is approved and funding contributions have also been confirmed which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
										\$50,827,968.08	\$21,562,914.00	\$45,348,475.70	\$4,599,492.30	\$21,249,425.43					

Barron River	F-033-00048	Marlin Coast Bowls Club Incorporated	upgrade lawn bowls green and install a new roof at Trinity Beach	upgrading the surface of the green from plastic to carpet based system and the erection of a permanent steel roof over the green to provide an all-weather facility for bowling at Trinity Beach	Trinity Beach Rd TRINITY BEACH	Outdoor - lawn bowls green upgrade and roof over	Far North	Cairns	Trinity Beach	\$947,000.00	\$473,500.00	\$947,000.00	\$0.00	\$473,500.00	M	H	H	Recommended	This project at Trinity Beach is recommended as a short-listed applicant as it meets the identified service delivery gaps for the sport and community. The project indicates the intention to enhance current levels of participation in the sport of lawn bowls and clearly identifies the inclusion of additional users as well as demonstrating how the project will attract new events, programs and competitions particularly through the provision of improved greens and shade cover. The Major Facilities Program priorities are addressed through provision of access to a range of target groups within the general community. The project includes strategies for water management and energy efficiency. Land tenure is confirmed as Council correspondence indicates that the lease has been approved until 2020. The Council has given permission for the project to be constructed and indicates that Development Approval will not be required. Funding contributions for the project are confirmed. The project meets the criteria to proceed to the Major Facilities Program 2009 Application stage.
Beauresert	F-033-00081	Logan City Council	install lighting for two sports fields at Jimboomba	install lighting for two sports fields at Jimboomba.	Cusack Lane JIMBOOMBA	Ancillary - lighting	South East	Logan	Jimboomba	\$540,000.00	\$270,000.00	\$540,000.00	\$0.00	\$270,000.00	M	H	H	Recommended	This project is recommended as a short-listed applicant as the addition of lighting will extend the hours of training and play at the existing facility. The applicant has provided information that addresses the Major Facilities Program priorities, as the lights will provide extended hours of use so greater opportunities will be available for schools and social clubs to access the fields. Land tenure and funding contributions are confirmed which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Burnett	F-033-00039	Bargara Golf Club	install a golf course irrigation system at Bargara.	Installation of an underground watering system taking the recycled water supplied from council recycling plant to irrigate the clubs 18 hole golf course at Bargara.	Miller Street BARGARA	Underground - watering system	Central	Bundaberg	Bargara	\$940,709.00	\$470,354.00	\$940,709.00	\$0.00	\$470,260.48	M	H	H	Recommended	This project is recommended as a short-listed applicant as the project need is clearly identified. There is an anticipated increase in participation and growth of additional users for the facility. The application provides significant access to a range of target groups within the general community. The project is almost entirely dedicated to planned strategies for water management and energy efficiency measures. Land tenure is confirmed and Development Approval is not required. While funding is not confirmed it is achievable by the application stage. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.

State Electorate	G2 Reference	Client	Project Description	Detailed Description	Project Address	Project Name	SRQ Region	LGA	Locality	Total Project Cost	Total Funding Requested	Eligible Project Cost	Ineligible Project Cost	Maximum Fundable Amount	Need	Program Priorities	Ability to Deliver	Moderated Priority	Moderated Rationale
Cairns	F-033-00096	Cairns PCYC	extend the multipurpose facility for basketball, netball and volleyball at Manunda	Extend the existing Cairns PCYC to construct a multipurpose indoor sporting facility for basketball, netball and volleyball at Manunda	91 - 97 Macnamara St MANUNDA	Indoor - multipurpose facility	Far North	Cairns	Manunda	\$2,514,000.00	\$1,157,000.00	\$2,314,000.00	\$200,000.00	\$1,157,000.00	M	H	H	Recommended	This project at Manunda is recommended as a short-listed applicant as this project will enable the Cairns PCYC to meet service delivery gaps specifically for the indigenous population in West Cairns. New activities have been identified through consultation with stakeholders and the community. The project includes water efficiency measures and well devised energy efficiency measures. Land tenure is confirmed and a copy of a ten year lease has been supplied. A Development Application for approval has been lodged. Funding contributions for the project have been confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application Stage.
Curumbin	F-033-00092	Gold Coast City Council	construct Stage One of the refurbishment of the Palm Beach swimming pool complex	construct stage one of a new 51 metre x 25 metre, 10 lane outdoor pool, plant room and associated equipment for swimming at Palm Beach	Thrower Dr PALM BEACH	Aquatic - swimming pool and ancillary	South East	Gold Coast	Palm Beach	\$2,997,789.00	\$1,498,895.00	\$2,997,789.00	\$0.00	\$1,498,894.50	M	H	H	Recommended	This project is recommended as a short-listed applicant as the Council has identified service delivery gaps for the sport and the community as the existing pool has insufficient depth for training and competition. There are a significant number of programs identified for different user groups and a major increase in the number of participants is projected for this facility. The consultation with stakeholders and the community is demonstrated and new activities have been identified through this consultation. The project is planned with strategies for water management and energy efficiency measures. Land tenure and funding contributions have been confirmed. Development Approvals have not yet considered. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Fitzroy	F-033-00015	Central Highlands Regional Council	redevelop swimming pool and facility rooms at Blackwater Community Pool complex	Redevelopment of the existing Blackwater Community Pool complex via the construction of a new 25 metre indoor, heated pool with plant room and store room at Blackwater.	2 Mackenzie St BLACKWATER	Aquatic - swimming pool and ancillary facilities	Central	Central Highlands	Blackwater	\$2,000,000.00	\$1,000,000.00	\$2,000,000.00	\$0.00	\$1,000,000.00	M	H	H	Recommended	This project in Blackwater is recommended as a short-listed applicant as need and increased participation opportunities are clearly demonstrated. There is a significant number of programs identified for different user groups and a major increase in number of participants. The applicant has provided information that addresses the Major Facilities Program priorities. The project is planned with strategies for water management and includes well devised energy efficiency measures. Land tenure is not applicable but no evidence has been provided to support this, but the applicant has permission for development from land owner. Further work is required to confirm costing and funding details. Project is achievable within the program funding period. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Hervey Bay	F-033-00007	Hervey Bay Bowls Club Inc	upgrade two lawn bowls greens at Scarness	upgrade two lawn bowls' green surfaces with artificial turf at Scarness.	11 - 17 Denmans Camp Rd SCARNESS	Outdoor - lawn bowls green upgrade	Central	Fraser Coast	Scarness	\$400,000.00	\$200,000.00	\$400,000.00	\$0.00	\$200,000.00	M	H	H	Recommended	This project is recommended as a short-listed applicant as the Club has demonstrated project need and how it will increase participation opportunities. The applicant addresses the Major Facilities Program priorities, as the project provides significant access to a range of target groups and the general community and is planning new activities. The project will deliver significant water management strategies. Land tenure is confirmed, and development approval is not required. Funding contribution are confirmed and the scope of works is clearly defined. The project is achievable within the program funding period which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Mackay	F-033-00144	Mackay PCYC	extend multipurpose facility for martial arts, kick boxing and badminton at Mt Pleasant	extend current multipurpose facility with a new gymnasium for martial arts, muay thai kick boxing and badminton at Mt Pleasant	Norris Rd NORTH MACKAY	Indoor - multi-sport facility	Northern	Mackay	North Mackay	\$600,000.00	\$300,000.00	\$578,000.00	\$22,000.00	\$289,000.00	M	H	H	Recommended	This project is recommended as a short-listed applicant as the Club has clearly demonstrated this project meets the identified service delivery gaps for the sports and the local community. The proposed extension to their current facility would enable the club to operate a fully equipped gymnasium aimed at meeting the needs of the groups currently using the facility. There are a significant number of programs identified for different user groups. The target groups using the facility include youth, senior groups, Indigenous groups, people with disabilities, Emergency Services employees and the general community. The consultation with stakeholders and the community is demonstrated and new activities have been identified. The project has strategies for water management and energy efficiency measures Land tenure is confirmed through a thirty year lease to the year 2020 and the landowner has provided permission for the project. Development Approval has yet to be lodged. Funding contributions for the project are also confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Mundingburra	F-033-00122	Townsville City Council	redevelop the existing Kokoda Memorial Pool for swimming at Mundingburra	redevelop the existing Kokoda Memorial Pool, including 25 metre x 20 metre heated program pool, children's play pool, hydrotherapy pool, wellness centre and supporting facilities for swimming at Mundingburra	23 Gulliver St MUNDINGBURRA	Aquatic - swimming pool and ancillary	Northern	Townsville	Mundingburra	\$4,091,568.00	\$1,500,000.00	\$4,069,293.00	\$22,275.00	\$1,499,941.40	M	H	H	Recommended	This project in Mundingburra is Stage 1 of an Aquatic Facility and is recommended as a short-listed applicant as the Council has demonstrated this project meets the identified service delivery gaps for the community and indicates intention to enhance current levels of participation based on trend analysis. There are a significant number of programs identified for different user groups and a major increase in number of participants is projected. The consultation with stakeholders and the community is demonstrated, and the project has some minimal water efficiency measures but well devised and planned energy efficiency measures. Land tenure is confirmed as the applicant is the owner of the land. Relevant approvals are not considered at this stage but funding contributions for the project have been considered but are confirmed. Further detail would be required to confirm Council's funding contribution. Timeframes are constrained but may be achievable within program period which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Whitsunday	F-033-00129	Whitsunday Regional Council	construct a Police Citizens Youth Club (PCYC) for gymnastics, fitness and martial arts at Bowen	construct a Police Citizens Youth Club (PCYC), including an indoor basketball court, multipurpose space for gymnastics, fitness and martial arts, gymnasium, office space, canteen and amenities at Bowen	Queens Rd BOWEN	Indoor - multipurpose facility	Northern	Whitsunday	Bowen	\$2,951,000.00	\$1,475,500.00	\$2,951,000.00	\$0.00	\$1,475,500.00	M	H	H	Recommended	This project in Bowen is recommended as a short-listed applicant as the Council has demonstrated that the project meets the identified service delivery gaps and clearly defines how it will increase participation opportunities. Land tenure is confirmed and Development Applications have been lodged. Some funding contributions have been confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.

Electorate Greenslopes	F-033-00063	Brisbane Metropolitan Touch Association Incorporated	extend touch football clubhouse facilities at Camp Hill	extend the current clubhouse facility to develop new community group meeting areas, a referee's training room, child minding and first aid room, public amenities, disability access, covered spectator viewing areas and undercover player marshalling areas at Camp Hill.	226 Boundary Rd CAMP HILL	Ancillary - clubhouse extension	South East	Brisbane	Camp Hill	\$1,249,076.00	\$624,538.00	\$1,249,076.00	\$0.00	\$624,538.00	H	M	H	Recommended	<p>This project at Whites Hill is recommended as a short-listed application as the Association demonstrates identified service delivery gaps for this sport in this location. The project clearly defines how it will enhance participation opportunities. The project is not near other facilities and demonstrates that there is a high demand for additional facilities. The Expression of Interest shows the project will attract new events, programs and competitions at the regional, state and national level. There is a significant number of programs identified for different user groups and a major increase in the number of participants is expected. The Major Facilities Program priorities are included as the project provides access to a range of target groups within the general community. Through consultation with these groups the Association has identified new activities. Strategies for water management and energy efficiency are included.</p> <p>Land tenure is confirmed for five years, but the applicant expects that Brisbane City Council will agree to 15 years. Some funding contributions for the project are confirmed and evidence provided. The information provided satisfies the requirements.</p>
Murrumbidgee	F-033-00042	Moreton Bay Regional Council	construct a new clubhouse at the Zammit Sports Reserve at Deception Bay.	construct a new clubhouse, including a storage area, veranda, change room, meeting room, office, canteen and toilet at the Zammit Sports Reserve at Deception Bay.	55 Zammit St DECEPTION BAY	Ancillary - clubhouse	South East	Moreton Bay	Deception Bay	\$479,000.00	\$239,500.00	\$464,940.00	\$14,060.00	\$232,470.00	H	M	H	Recommended	<p>The project is recommended as a short-listed applicant as need is clearly demonstrated and the project addresses the Major Facilities Program priorities. The project is for a clubhouse which caters for the community's growing sport and recreation needs. The new clubhouse will increase overall participation at the facility by attracting new events, programs and competitions at the local and regional level including junior and senior athletics and Special Olympics Redcliffe Regional Athletics. The project includes strategies for water management and energy efficiency.</p> <p>Land tenure is confirmed and Development Approval has been provided. Funding contributions for the project are confirmed. The project is at the detailed design stage and satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>

Electorate Chatsworth	F-033-00072	Eastern Suburbs Hockey Club Inc	refurbish field for hockey and touch football at Carina	refurbish the existing grass cricket oval into a water-based synthetic hockey field, including lighting and fencing for hockey and football at Carina	401 Stanley Rd CARINA	Outdoor - hockey field	South East	Brisbane	Carina	\$1,360,000.00	\$680,000.00	\$1,360,000.00	\$0.00	\$680,000.00	M	M	H	Recommended	This project is recommended as a short-listed applicant as it meets the identified service delivery gaps for the sport and community and has the potential to enhance current levels of participation. The organisation has clearly demonstrated how the project will attract new events, programs and competitions at the local, regional, state and national level and has identified programs for different user groups. Land tenure has been confirmed with a 10 year lease being negotiated and funding contributions are yet to be finalised. Overall the projects satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Gregory	F-033-00139	Barcaldine Lawn Tennis Club Inc	construct two courts for the Barcaldine Tennis Courts	construction of two new tennis courts with plexicushion surface for stage one in the redevelopment of the Barcaldine Tennis Courts	81 Fir St BARCALTINE	Outdoor - tennis courts	Central	Barcaldine	Barcaldine	\$264,961.00	\$132,480.00	\$264,961.00	\$0.00	\$132,454.00	M	M	H	Recommended	This project is recommended as a short-listed applicant as the Club has demonstrated that this project meets the identified service delivery gaps and will enhance participation in the sport of tennis. The Club has shown that the project will attract new events and has identified new groups for the facility. Land tenure is confirmed however Development Approval has not been confirmed. Funding contributions have also not been confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Ipswich	F-033-00078	Ipswich Hockey Association Inc	upgrade the hockey field at Raceview	upgrade to the 15 year old hockey field at Raceview to a new wet/dry artificial field	65 Briggs Rd RACEVIEW	Field - hockey field	South East	Ipswich	Raceview	\$583,239.00	\$288,239.00	\$583,239.00	\$0.00	\$288,236.71	M	M	H	Recommended	This project is recommended as a short-listed applicant as the Club has provided information detailing how different groups will use the facility. It is anticipated that the project will attract new events, programs and competitions at the state or national level. Land tenure and funding contributions are confirmed. The details provided by the applicant satisfy the requirements to proceed to the Major Facilities Program 2009 Application stage.
Mackay	F-033-00125	Mackay Cricket Association Inc	construct ancillary structures for cricket, AFL, soccer and social golf at Mackay	construction of two amenities blocks, covered seating, offices and equipment storage area for cricket, AFL, soccer and social golf at Mackay	93 Kippen St SOUTH MACKAY	Ancillary - amenities and ancillary facilities	Northern	Mackay	South Mackay	\$3,135,000.00	\$1,500,000.00	\$3,030,000.00	\$105,000.00	\$1,499,850.00	M	M	H	Recommended	This project at Harrup Park is recommended as a short-listed applicant as the project meets identified service delivery gaps for the sports and community and details how it will enhance participation opportunities for cricket, AFL, soccer and golf. This project is stage 2 of a 20 year Master Plan for the site. The project identifies the inclusion of additional users for the facility and the number of competitions at a regional and state level will be increased. The project is planned with strategies for water management and energy efficiency measures. Land tenure and Development Approvals need to be clarified for the whole of the site due to the scale of the project. Further evidence of financial contributions needs to be provided. However, the project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Moggill	F-033-00071	Kenmore State High School	construct a multipurpose sport and community centre for aerobics, fencing, badminton and netball at Kenmore State High School	construct a multipurpose sport and community centre for aerobics, fencing, badminton and netball at Kenmore State High School	56 Aberfeldy St KENMORE	Outdoor - multipurpose sport and community centre	South East	Brisbane	Kenmore	\$2,326,036.00	\$1,163,018.00	\$2,326,036.00	\$0.00	\$1,163,018.00	M	M	H	Recommended	This project is recommended as a short-listed applicant, although service delivery gaps are not clearly articulated they have identified a diverse range of fitness and sporting groups who are interested in using the facility. The project has some water efficiency measures and a well devised and planned energy efficiency strategy. The project is at the detailed design stage, land tenure and funding contributions are confirmed and the Principal's letter of support for community use of the facility is included. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Pumicestone	F-033-00062	Donnybrook & District Bowls Club Inc	upgrade lawn bowls green and install retractable shading at Donnybrook	upgrade lawn bowls green to greenguage carpet surface and install retractable shading at Donnybrook	11 Amy St DONNYBROOK	Outdoor - lawn bowls green upgrade	South East	Moreton Bay	Donnybrook	\$340,475.00	\$170,238.00	\$340,475.00	\$0.00	\$170,237.50	M	M	H	Recommended	This project is recommended as a short-listed applicant as this project meets the identified service delivery gaps for the sport. The project is not near other facilities there is a demand for improved facilities. There are a number of programs identified for different user groups and a increase in number of participants is anticipated. The project includes some water efficiency measures. Land tenure is confirmed and owned by the applicant. Relevant approvals have been acquired and funding contributions for the project are confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
Rockhampton	F-033-00053	Diggers Memorial Bowls Club Inc	upgrade of two existing natural grass greens to synthetic surfaces	upgrade of two existing natural grass greens to synthetic surfaces	Dean St FRENCHVILLE	Outdoor - lawn bowls green upgrade	Central	Rockhampton	Frenchville	\$401,400.00	\$220,770.00	\$401,400.00	\$0.00	\$200,700.00	M	M	H	Recommended	This project in Rockhampton is recommended as a short-listed applicant as it addresses service delivery gaps for the sport in this locality and defines how it will enhance participation opportunities. While the project is near other facilities unmet demand has been identified. The Major Facilities Program priorities are included as the project provides for moderate access to a range of target groups within the general community, although no evidence of community consultation was presented. The Expression of Interest indicates that while the project is still at the sketch plan stage, land tenure is confirmed although no application for approval has as yet been lodged. Funding contributions for the project are confirmed. The project is achievable within the program funding period and satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
										\$11,257,754.00	\$5,512,066.00	\$11,120,949.00	\$136,805.00	\$5,475,718.16					
Albert	F-033-00086	Gold Coast City Council	construct a multipurpose sporting precinct for motorcycling, motorsport and trail bike riding at Stapylton	construct a multiuse motorcycle sporting precinct including tracks for motorcycling, flat track, trail bike and speedway, club administration building, and amenities block at Stapylton.	Rossmanns Rd STAPYLTON	Outdoor - motorsport facility	South East	Gold Coast	Stapylton	2200000	1000000	1000000	1200000	500000	H	H	M	Recommended	This project is recommended as a short-listed applicant as strong evidence has been provided regarding the need for the project and how it will increase participation opportunities motorcycling, motorsport and trail bike riding. Thorough consultation with stakeholders has identified new activities proposed for the facilities. Land tenure has not been confirmed but Council has provided evidence that a 10-15 year lease will be provided. Although funding contributions and Development Approvals are not received as yet, detailed studies in relation to the development application process have commenced including noise impact assessments. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.

Brisbane Central	F-033-00119	YMCA of Brisbane	construct a multipurpose indoor sport and aquatic centre for netball, soccer, swimming and basketball at Bowen Hills	construct a multipurpose indoor sport and aquatic centre for netball, soccer, swimming and basketball at Bowen Hills	61 Edmondstone Rd BOWEN HILLS	Indoor - multipurpose facility and aquatic centre	South East	Brisbane	Bowen Hills	1040000	400000	9996340	403660	1499450	H	H	M	Recommended	This project is recommended as a short-listed applicant as the organisation has demonstrated project need as the inner city area has limited sport and recreation facilities. As a result of future plans to build more high density housing in Bowen Hills and the influx of additional residents and workers to the area a sport and recreation facility of this kind will be essential. Land tenure is in the process of being confirmed, funding contributions are confirmed, and the design and costings are appropriate for this project.
Cairns	F-033-00031	Cairns Hockey Association Inc	construct a second international standard hockey field at North Cairns	constructing a second international standard synthetic hockey playing field, including lighting, spectator facilities, player facilities including toilets, showers and dugouts at North Cairns.	35 - 37 Rutherford St CAIRNS NORTH	Outdoor - hockey facility and ancillary	Far North	Cairns	Cairns North	2600000	1300000	2600000	0	1300000	H	H	M	Recommended	This project is recommended as a short-listed applicant as the need for the project is high and will target national and international competitions. The project will provide significant access to the fields for a range of other sporting codes. The project has strategies for water management and energy efficiency. Land tenure, funding contributions and project costs have yet to be finalised.
Cook	F-033-00030	Hope Vale Aboriginal Shire Council	construct a swimming pool complex at Hope Vale	Construction of a 25m swimming pool and associated complex at Hope Vale.	Muni St HOPE VALE	Outdoor - sports precinct	Far North	Hope Vale	Hope Vale	3300000	1500000	2800000	500000	1400000	H	H	M	Recommended	This project is recommended as a short-listed applicant as need is clearly demonstrated as it meets the identified service delivery gaps for the sport and the community. There are a significant number of programs identified for different user groups and an increase in the number of participants. The project is identified as a high priority by Council. Land tenure is confirmed. Funding contributions, design and project costs require confirmation.
Kawana	F-033-00057	University of the Sunshine Coast	construct a swimming pool and roofing at University of the Sunshine Coast at Sippy Downs	construct a 10 lane, 50 metre Olympic swimming pool with heating and roof for swimming, learn to swim and aquatic activities at University of the Sunshine Coast at Sippy Downs	90 Sippy Downs Dr SIPPY DOWNS	Aquatic - swimming pool and ancillary	South East	Sunshine Coast	Sippy Downs	4850000	900000	4767550	82450	899636.685	H	H	M	Recommended	This project is a 2006 election commitment and is recommended as a short-listed applicant as the University has clearly demonstrated it meets service delivery gaps as there are no existing pools within the Sippy Downs catchment areas. There are a significant number of programs identified for different user groups, including local schools, sporting clubs, elite athletes, students and staff of the University, and the general community. The organisation has clearly
Mount Isa	F-033-00135	Doomadgee Aboriginal Shire Council	construct a multipurpose precinct for netball, indoor cricket and rugby league and community recreation at Doomadgee	construction of a sport, recreation and arts precinct for netball, cricket indoor and rugby league at Doomadgee	Goodeedawa Road NICHOLSON	Indoor - multipurpose facility	Northern	Doomadgee	Nicholson	3800000	1500000	3621000	179000	1499818.2	H	H	M	Recommended	This project is recommended as a short-listed applicant as a high level of need has been demonstrated and the project will link with the government's alcohol reform initiatives. Land tenure is confirmed and funding contributions are in progress.
Yeerongpilly	F-033-00067	AFL Queensland Limited	construct stage one of a centre of excellence incorporating an administration building facility for AFL at Yeronga	construct stage one of a centre of excellence incorporating an administration building facility for AFL at Yeronga	186 Brisbane Cso YERONGA	Ancillary - administration building	South East	Brisbane	Yeronga	3456500	1500000	3456500	0	1499775.35	M	M	M	Recommended	This project is recommended as a short-listed applicant as need has been identified for this facility. While plans are detailed and appear appropriate, further work is required on the costings.
