

G2 Reference	Client	Detailed Description	Project Address	SRQ Region	LGA	State Electorate	Total Project Cost	Total Funding Requested	Eligible Project Cost	Maximum Fundable Amount	Moderated Rationale
F-033-00094	Gold Coast City Council	construct stage one of four multipurpose fields (2 fields x 118m plus buffer zone and 2 fields x 76m plus buffer zone) for rugby league, soccer and athletics at Runaway Bay	Oxley Dr RUNAWAY BAY	South East	Gold Coast	Broadwater	\$3,195,000.00	\$1,459,355.00	\$2,675,904.00	\$1,337,952.00	This project is recommended as a short-listed applicant as the Council has demonstrated the project meets current needs and will attract increased participation such as soccer clubs, cricket clubs, baseball clubs, rugby league teams, gridiron teams and athletic clubs. The project is identified as a high priority in a local plan including Gold Coast City Council Corporate Plan 2005-2009 and other strategy documents. The consultation with stakeholders and the community is well demonstrated and new activities have been identified through this consultation. The project is planned with strategies for water management, including sustainable water savings through the use of recycled water and energy efficiency measures including wind-based renewable energy. Land tenure is confirmed, Development Approval has been granted, funding contributions for the project are confirmed and the scope of works are clearly defined.
F-033-00129	Whitsunday Regional Council	construct a Police Citizens Youth Club (PCYC), including an indoor basketball court, multipurpose space for gymnastics, fitness and martial arts, gymnasium, office space, canteen and amenities at Bowen	Queens Rd BOWEN	Northern	Whitsunday	Burdekin	\$2,951,000.00	\$1,475,500.00	\$2,951,000.00	\$1,475,500.00	This project in Bowen is recommended as a short-listed applicant as the Council has demonstrated that the project meets the identified service delivery gaps and clearly defines how it will increase participation opportunities. Land tenure is confirmed and Development Applications have been lodged. Some funding contributions have been confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00095	Burleigh Heads Mowbray Park Surf Life Saving Club Inc	construct a new multi-level surf sports and physical activity building with a gymnasium, an open physical training area and a storage area for kayaking, aerobics and life saving at Burleigh Heads	4 Goodwin Tce BURLEIGH HEADS	South East	Gold Coast	Burleigh	\$2,381,576.00	\$693,682.00	\$2,381,576.00	\$693,514.93	This project is recommended as a short-listed applicant as the Club has demonstrated project need and how it will meet the service delivery gaps for the community. The project clearly identifies the inclusion of additional users and was identified from research and feedback from sport coaches, local school sports programs and community groups wishing to access training space and a community gym. The proposed facility is expected to attract additional interclub state and national events. An independent feasibility study was conducted which identified various participants, community groups, organisations and individuals who would utilise the proposed facilities. The project is planned with strategies for water management and has well devised energy efficiency measures. The Club is currently in the process of obtaining a new Trustee Lease for a proposed term of 15 years. The owner's consent has been provided but a Development Approval application is yet to be lodged. Contributions covering most of the project are confirmed and the Club is requesting only 29% of the total eligible project cost. The project satisfies the requirements to proceed to the Major
F-033-00031	Cairns Hockey Association Inc	constructing a second international standard synthetic hockey playing field, including lighting, spectator facilities, player facilities including toilets, showers and dugouts at North Cairns.	35 - 37 Rutherford St CAIRNS NORTH	Far North	Cairns	Cairns	\$2,600,000.00	\$1,300,000.00	\$2,600,000.00	\$1,300,000.00	This project is recommended as a short-listed applicant as the need for the project is high and will target national and international competitions. The project will provide significant access to the fields for a range of other sporting codes. The project has strategies for water management and energy efficiency. Land tenure, funding contributions and project costs have yet to be finalised.
F-033-00047	Cairns Regional Council	constructing an off road walking/bicycle paths incorporating missing links from the CBD to surrounding areas to provide a linked and continuous circuit from the CBD lagoon area to Cairns' iconic regional attractions of the Esplanade Foreshore, the Botanical Gardens, the Jack Barnes Bicentennial Mangrove Boardwalk and the Cairns Central Swamp.	Esplanade and CBD CAIRNS CITY	Far North	Cairns	Cairns	\$900,000.00	\$450,000.00	\$900,000.00	\$450,000.00	The project is recommended as a short-listed applicant as the Council has demonstrated project need as it is deemed part of Cairns' Pedestrian Movement & Cycle Travel Strategy which was adopted by the Council in 2004. The proposed circuit will provide facilities in a supportive environment to encourage increased physical activity by residents and visitors alike. The applicant has provided information that addresses the Major Facilities Program priorities as the project provides for significant access to the general community, tourists and visitors for cycling, walking and running. Cairns Regional Council has indicated they will commit funds in their 2009/2010 budget.

G2 Reference	Client	Detailed Description	Project Address	SRQ Region	LGA	State Electorate	Total Project Cost	Total Funding Requested	Eligible Project Cost	Maximum Fundable Amount	Moderated Rationale
F-033-00096	Cairns PCYC	Extend the existing Cairns PCYC to construct a multipurpose indoor sporting facility for basketball, netball and volleyball at Manunda	91 - 97 Macnamara St MANUNDA	Far North	Cairns	Cairns	\$2,514,000.00	\$1,157,000.00	\$2,314,000.00	\$1,157,000.00	<p>This project at Manunda is recommended as a short-listed applicant as this project will enable the Cairns PCYC to meet service delivery gaps specifically for the indigenous population in West Cairns. New activities have been identified through consultation with stakeholders and the community. The project includes water efficiency measures and well devised energy efficiency measures.</p> <p>Land tenure is confirmed and a copy of a ten year lease has been supplied. A Development Application for approval has been lodged. Funding contributions for the project have been confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application Stage.</p>
F-033-00043	Sunshine Coast Regional Council	upgrading of a 25 metre heated swimming pool incorporating access steps, wet deck, heating system and filtration system at Caloundra Aquatic Lifestyle Centre at Caloundra.	Arthur St CALOUNDRA	South East	Sunshine Coast	Caloundra	\$1,026,245.00	\$464,932.00	\$1,026,245.00	\$464,888.99	<p>This project is recommended as a short-listed applicant as the Council has demonstrated project need as heating the pool will extend usage period of the pool and lessen overcrowding in peak times. The applicant has provided information that addresses the Major Facilities Program priorities by extending the life of an existing sport and recreation facility. Land tenure and funding contributions have been confirmed, which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00060	Redlands Rugby Union and Recreation Club Inc	construction of two new change rooms, medical room and a referees room for rugby union at Birkdale	2948A Old Cleveland Rd CAPALABA WEST	South East	Brisbane	Chatsworth	\$1,230,000.00	\$175,000.00	\$350,000.00	\$175,000.00	<p>This project is recommended as a short-listed applicant as this project meets the identified service delivery gaps for rugby union and the community. The project clearly defines how it will enhance participation opportunities and identifies the inclusion of additional users for the facility at the local and regional level. The project is planned with strategies for water management and energy efficiency. Land tenure is confirmed with a lease until 2015 and funding contributions have also been confirmed. The project is at the detailed design stage and satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00086	Gold Coast City Council	construct a multiuse motorcycle sporting precinct including tracks for motorcycle codes of motorcross, flat track, trail bike and speedway, club administration building, and amenities block at Stapylton.	Rossmanns Rd STAPYLTON	South East	Gold Coast	Coomera	\$2,200,000.00	\$1,000,000.00	\$1,000,000.00	\$500,000.00	<p>This project is recommended as a short-listed applicant as strong evidence has been provided regarding the need for the project and how it will increase participation opportunities motorcycling, motorsport and trail bike riding. Thorough consultation with stakeholders has identified new activities proposed for the facilities.</p> <p>Land tenure has not been confirmed but Council has provided evidence that a 10-15 year lease will be provided. Although funding contributions and Development Approvals are not received as yet, detailed studies in relation to the development application process have commenced including noise impact assessments. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00128	Charters Towers Regional Council	construct an additional 25 metre x 12.5 metre enclosed heated pool (roofing structure with drop down walls), with separate plant room, change rooms, entry/exit ramp and kiosk entry for swimming, water aerobics and life saving at Charters Towers	7 - 13 Plummer St LISSNER	Northern	Charters Towers	Dalrymple	\$1,550,000.00	\$775,000.00	\$1,542,313.00	\$771,156.50	<p>This project is recommended as a short-listed applicant as the Council has clearly demonstrated this project meets the identified service delivery gaps for swimming and other water sports. Currently, the existing pool is closed during the winter months and cannot meet the demands of the growing population, therefore a new pool that opens all year around will increase participation. The organisation has clearly demonstrated how the project will attract new events, programs and competitions at the local and regional level and is identified as a priority in the Charters Towers City Council Sport and Recreation Strategy. The project has strategies for water management and well devised energy efficiency measures. Land tenure and funding contributions for the project have been confirmed.</p>
F-033-00061	Tannum/Boyne Seagulls Junior Rific Incorporated	upgrade of rugby league and touch football fields, lighting, storage shed, indoor area, and amenities at Boyne Island	Pioneer Drive BOYNE ISLAND	Central	Gladstone	Gladstone	\$660,000.00	\$330,000.00	\$660,000.00	\$330,000.00	<p>This project is recommended as a short-listed applicant as the Club has clearly demonstrated service delivery gaps for the sport and defines how it will increase participation although located near other facilities. The organisation has demonstrated how the project will attract new events, programs and competitions at the local, regional and state level with a major increase in the number of participants. The project is planned with strategies for water management and energy efficiency.</p> <p>Land tenure and funding contributions are confirmed and Development Approval is in progress. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>

F-033-00115	Central Highlands Regional Council	construction of a 12 x 4 metre swimming pool, 4 x 4 metre wading pool, plant room, office/first aid room, shade structures and amenities facilities for The Gemfields	Sapphire Rubyvale Rd THE GEMFIELDS	Central	Central Highlands	Gregory	\$979,000.00	\$379,000.00	\$758,000.00	\$379,000.00	This project is recommended as a short-listed applicant as the Council has demonstrated that this project meets the identified service delivery gaps for swimming within the community. The project defines how it will increase participation and attract new users as there are no existing facilities within a reasonable distance. The consultation with stakeholders and the community is demonstrated and new activities have been identified through this consultation. The project is planned with strategies for water management and energy efficiency measures. Land tenure is confirmed as Council is trustee, but land owner's permission has not been obtained as yet. Relevant approvals are not required. Funding contributions for the project are confirmed but evidence is not provided.
F-033-00116	Central Highlands Regional Council	redevelopment of the existing BMX track precinct to become Sunrise Rotary Park for BMX riding, tennis and basketball at Emerald	Opal St EMERALD	Central	Central Highlands	Gregory	\$395,849.08	\$197,925.00	\$395,849.00	\$197,924.50	This project is recommended as a short-listed applicant as it meets the identified service delivery gaps within the community. The proposed re-development of the existing BMX track also includes facilities for other activities at the site. Land tenure and funding contributions are confirmed and secure.
F-033-00100	Fraser Coast Regional Council	Extend and upgrade the Hervey Bay Community Recreation Centre for basketball, netball, indoor soccer, volleyball, badminton, fencing, judo, martial arts and gymnastics at Hervey Bay	161 - 179 Old Maryborough Rd PIALBA	Central	Fraser Coast	Hervey Bay	\$1,177,800.00	\$588,900.00	\$1,177,800.00	\$588,900.00	This project is recommended as a short-listed applicant as the Council has demonstrated this project meets significant service delivery gaps for the community and identifies how the project will attract new events and programs at the local and regional levels. The project is identified as a high priority in the 2006 Fraser Coast Regional Sport, Recreation and Open Space Strategy and the 2006 Draft Hervey Bay Sport, Recreation & Community Facilities Plan. Consultation with stakeholders and the community is demonstrated and new activities have been identified through this process. The project includes strategies for water management and energy efficiency measures. Land tenure is confirmed and Development Approval is not required. Funding contributions for the project are confirmed. The scope of works are not clearly defined but are appropriate.
F-033-00057	University of the Sunshine Coast	construct a 10 lane, 50 metre Olympic swimming pool with heating and roof for swimming, learn to swim and aquatic activities at University of the Sunshine Coast at Sippy Downs	90 Sippy Downs Dr SIPPY DOWNS	South East	Sunshine Coast	Kawana	\$4,850,000.00	\$900,000.00	\$4,767,550.00	\$899,636.69	This project is a 2006 election commitment and is recommended as a short-listed applicant as the University has clearly demonstrated it meets service delivery gaps as there are no existing pools within the Sippy Downs catchment areas. There are a significant number of programs identified for different user groups, including local schools, sporting clubs, elite athletes, students and staff of the University, and the general community. The organisation has clearly demonstrated how the project will attract new events, programs and competitions at the local, regional, state and national level. The project will provide significant access to a range of target groups including students, sporting clubs, Queensland Academy of Sport, organisations and businesses, and the general community. The consultation with stakeholders and the community is demonstrated and new activities have been identified through this consultation. The project is planned with strategies for water management and planned energy efficiency measures. Land tenure is confirmed, but funding contributions are not confirmed.
F-033-00125	Mackay Cricket Association Inc	construction of two amenities blocks, covered seating, offices and equipment storage area for cricket, AFL, soccer and social golf at Mackay	93 Kippen St SOUTH MACKAY	Northern	Mackay	Mackay	\$3,135,000.00	\$1,500,000.00	\$3,030,000.00	\$1,499,850.00	This project at Harrup Park is recommended as a short-listed applicant as the project meets identified service delivery gaps for the sports and community and details how it will enhance participation opportunities for cricket, AFL, soccer and golf. This project is stage 2 of a 20 year Master Plan for the site. The project identifies the inclusion of additional users for the facility and the number of competitions at a regional and state level will be increased. The project is planned with strategies for water management and energy efficiency measures. Land tenure and Development Approvals need to be clarified for the whole of the site due to the scale of the project. Further evidence of financial contributions needs to be provided. However, the project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00130	Southern Suburbs Football Club (Mackay) Inc	upgrade of an artificial lawn bowling surface and covered roof for lawn bowls at Mackay	39 Wardrop St WEST MACKAY	Northern	Mackay	Mackay	\$1,430,000.00	\$712,120.00	\$1,424,240.00	\$712,120.00	This project is recommended as a short-listed applicant as this project meets the identified service delivery gaps, defines how it will enhance participation opportunities and clearly demonstrated how the project will attract new events, programs and competitions. The project has included some water efficiency measures with further consideration of this issue at application stage. The proposed site of the facility is owned by the State government and a lease will be entered into and funding contributions have been confirmed.

G2 Reference	Client	Detailed Description	Project Address	SRQ Region	LGA	State Electorate	Total Project Cost	Total Funding Requested	Eligible Project Cost	Maximum Fundable Amount	Moderated Rationale
F-033-00012	Moggill State School	construct a multipurpose sports hall incorporating changerooms, kitchen, storage and amenities at Moggill State School	3417 Moggill Rd MOGGILL	South East	Brisbane	Moggill	\$1,739,162.00	\$779,006.00	\$1,734,162.00	\$778,985.57	This project is recommended as a short-listed applicant. The school has demonstrated project need as the closest similar facility is 10km away and there is a high demand for additional facilities. The applicant addresses the Major Facilities Program priorities as there are a number of new activities and programs to be offered at the facility. The applicant has undertaken significant planning, the designs, costings and budget are appropriate. Tenure and funding are confirmed which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00134	McKinlay Shire Council	construction of an indoor multipurpose indoor sports centre for basketball netball and volleyball at Julia Creek	32 Julia St JULIA CREEK	Northern	McKinlay	Mount Isa	\$950,000.00	\$475,000.00	\$950,000.00	\$475,000.00	This project is recommended as a short-listed applicant as this project meets the identified service delivery gaps, defines how it will enhance participation opportunities and clearly demonstrated how the project will attract new events, programs and competitions. The project has included some water efficiency measures with further consideration of this issue at application stage. The proposed site of the facility is owned by the State government and a lease will be entered into and funding contributions have been confirmed.
F-033-00066	Centenary Rowing Club Inc	construct a two storey rowing complex with boat storage, training and function room, toilets and shower facilities at River Hills	552 Sumners Rd RIVERHILLS	South East	Brisbane	Mount Ommaney	\$780,000.00	\$390,000.00	\$780,000.00	\$390,000.00	This project is recommended as a short-listed applicant as the Club has demonstrated project need as the facility services over 24 schools as well as its club membership. Current facilities do not provide adequate level of service to the user groups. The applicant has provided information that addresses the Major Facilities Program which will attract other users such as fishing clubs and boating clubs. Land tenure and funding contributions are confirmed and Development Approval is finalised, which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00045	Sunshine Coast Regional Council	construction of the Girraween Sports Complex, including two district senior cricket fields, a criterion cycling circuit and clubhouse with amenities at Noosa Heads.	Cooyar St NOOSA HEADS	South East	Sunshine Coast	Noosa	\$5,003,093.00	\$1,454,146.00	\$2,952,659.70	\$1,453,889.64	This project is recommended as a short-listed applicant as the Council has identified service delivery gaps in cricket and criterium cycling. The project clearly defines how it will increase participation opportunities and identifies the inclusion of additional sports including soccer, cycling, skating and triathlon. The land is owned by the Council and Development Approval has been received. Funding contributions for the project are yet to be confirmed.
F-033-00023	Pine Rivers Memorial Bowls Club Limited	upgrade of an existing lawn green to a synthetic green with a covered shade cover at Bray Park.	Sparkes Rd BRAY PARK	South East	Moreton Bay	Pine Rivers	\$2,992,559.00	\$1,488,780.00	\$2,987,559.00	\$1,488,700.65	This project is recommended as a short-listed applicant as it meets the identified future service delivery gaps for the sport and clearly defines how it will increase participation and events at the local, regional, state and national level. The applicant addresses the Major Facilities Program priorities by allowing access to a range of target groups within the general community. The project is planned with strategies for water management and includes some potential for modest energy efficiency measures. Land tenure is confirmed and Development Approval has been obtained. The project is at the detailed design stage and satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00062	Donnybrook & District Bowls Club Inc	upgrade lawn bowls green to greenguage carpet surface and install retractable shading at Donnybrook	11 Amy St DONNYBROOK	South East	Moreton Bay	Pumicestone	\$340,475.00	\$170,238.00	\$340,475.00	\$170,237.50	This project is recommended as a short-listed applicant as this project meets the identified service delivery gaps for the sport. The project is not near other facilities there is a demand for improved facilities. There are a number of programs identified for different user groups and a increase in number of participants is anticipated. The project includes some water efficiency measures. Land tenure is confirmed and owned by the applicant. Relevant approvals have been acquired and funding contributions for the project are confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00044	The Redcliffe District Rugby League Football Club Incorporated	construct a fitness and wellbeing centre as Stage 2 to the multipurpose indoor heated pool facility at Kippa-Ring.	Ashmole Rd KIPPA RING	South East	Moreton Bay	Redcliffe	\$4,935,550.00	\$1,500,000.00	\$4,435,550.00	\$1,499,659.46	This project is recommended as a short-listed applicant as the Club clearly demonstrates this project meets the identified service delivery gaps for the community and clearly defines how it will enhance participation opportunities. The project also identifies the inclusion of additional users and has demonstrated how the project will attract new programs at the local and regional level. The project is planned with strategies for water management and energy efficiency. Land tenure is confirmed and relevant planning approvals are in place. The project is at detailed design stage which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.

G2 Reference	Client	Detailed Description	Project Address	SRQ Region	LGA	State Electorate	Total Project Cost	Total Funding Requested	Eligible Project Cost	Maximum Fundable Amount	Moderated Rationale
F-033-00055	Moreton Bay Regional Council	upgrade and extend the Redcliffe Tennis Centre to a 12 court complex, with upgraded resurfacing on 10 courts and 2 new plexicushion courts, with new lighting and fencing to meet national competition standards and Australian Standard AS lighting for outdoor courts, and a new clubhouse with club rooms, kiosk, tennis shop, toilets, amenities and spectator seating for tennis at Redcliffe	Oxley Ave REDCLIFFE	South East	Moreton Bay	Redcliffe	\$3,090,000.00	\$1,500,000.00	\$2,869,111.00	\$1,434,555.50	This project is recommended as a short-listed applicant as the Council has demonstrated that the upgrade and extension will provide more opportunities for social and competitive participation in tennis as well as enhancing coaching and development programs in the Redcliffe area. The organisation has clearly demonstrated how the project will attract new events, programs and competitions at the regional and state level. The project is planned with strategies for water management and energy efficiency. Land tenure and funding contributions have been confirmed and Development Approval has been received. The project is at the detailed design stage and satisfies the requirement to proceed to the Major Facilities 2009 Application stage
F-033-00053	Diggers Memorial Bowls Club Inc	upgrade of two existing natural grass greens to synthetic surfaces	Dean St FRENCHVILLE	Central	Rockhampton	Rockhampton	\$401,400.00	\$220,770.00	\$401,400.00	\$200,700.00	This project in Rockhampton is recommended as a short-listed applicant as it addresses service delivery gaps for the sport in this locality and defines how it will enhance participation opportunities. While the project is near other facilities unmet demand has been identified. The Major Facilities Program priorities are included as the project provides for moderate access to a range of target groups within the general community, although no evidence of community consultation was presented. The Expression of Interest indicates that while the project is still at the sketch plan stage, land tenure is confirmed although no application for approval has as yet been lodged. Funding contributions for the project are confirmed. The project is achievable within the program funding period and satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00059	Brisbane City Council	construct sports fields, install irrigation system and water harvesting system for soccer, touch football and softball at Deagon	83 Board St DEAGON	South East	Brisbane	Sandgate	\$492,564.00	\$246,282.00	\$492,564.00	\$246,282.00	This project is recommended as a short-listed applicant as the Council has clearly defined how it will enhance or increase participation opportunities. This project is Stage 3 of the Deagon Sportsground Park Masterplan, which will increase the range of new programs to offer, along with more participation in current programs. The upgraded sportsground will enable it to host touch football, softball, a greater range of soccer programs, fitness programs, and a range of school sports and activities. The project is planned with strategies for water management. Land tenure is confirmed and funding contributions for the project are evident. The project is at Concept Plan stage and the project is achievable within the program funding period which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00041	Goondiwindi Regional Council	construction of a new six lane swimming pool, including a main competition pool, wading pool and new plant/pump room and filtration systems at Inglewood.	Cnr George and Victoria Streets INGLEWOOD	South West	Goondiwindi	Southern Downs	\$2,200,000.00	\$1,100,000.00	\$2,200,000.00	\$1,100,000.00	This project is recommended as a short-listed applicant as service delivery gaps for the sport and community are clearly identified in the Council's Sport and Recreation and Operational Plans. The project addresses the Major Facilities Program priorities, by providing significant access to a range of target groups within the general community. The project includes strategies for water management and energy efficiency. Land tenure is confirmed, although funding contributions are not all confirmed. The project is at the preliminary design stage and satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.

F-033-00089	Southport State High School	upgrade of the existing four tennis courts to four plexicushion courts incorporating lighting 24 x 1000 natural halide luminaries to meet International Tennis Federation standards for tennis at Southport State High School	75 Smith St SOUTHPORT	South East	Gold Coast	Southport	\$561,130.00	\$280,565.00	\$547,697.00	\$273,848.50	<p>This project is recommended as a short-listed applicant as the current tennis centre at Labrador has been resumed by Main Roads for widening the road and the Labrador Tennis Centre intends to enter into a joint use agreement with the Southport State High School. It is intended that the facility will become a feeder club for the State Tennis Centre at Tennyson and this will provide for a number of new proposed programs at the facility.</p> <p>Land tenure and funding contributions are confirmed. Development applications are yet to be lodged. Clarification is required regarding court equipment included in the budget as it may be ineligible. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00058	Brisbane City Council	construction of six tennis courts, including lights, support facilities building and two training fields at Grange	125 Grange Rd GRANGE	South East	Brisbane	Stafford	\$2,065,000.00	\$945,000.00	\$1,697,488.00	\$848,744.00	<p>This project is recommended as a short-listed application as project need is demonstrated through the identified service delivery gaps for tennis. Surveys show a serious shortage of tennis courts in the region. The project clearly defines how it will enhance or increase participation opportunities and is identified as a high priority in Brisbane City Council's Tennis Court Site Assessment for Inner North Brisbane. The Major Facilities Program priorities are included through provision of access to a range of target groups including school groups, wheelchair tennis programs, coaching clinics, recreational programs such as Active Parks and Growing Old, school holiday activity providers, and the general community. An integrated Water Management Plan will be prepared for the development and the project includes well devised and planned energy efficiency measures. Land tenure is confirmed. Community letters of support have been provided. Funding contributions from Council have been confirmed in their 2008/2009 budget.</p>
F-033-00077	Macgregor State High School	upgrade an existing 30 year old multipurpose sports facility, including new playing surface to accommodate two volleyball courts, a show volleyball court, badminton court and basketball court, canteen and additional toilet facilities and a new stage area for volleyball at MacGregor State High School	28 Blackwattle St MACGREGOR	South East	Brisbane	Sunnybank	\$580,000.00	\$235,000.00	\$580,000.00	\$234,958.00	<p>This project is not recommended as a short-listed applicant as need has not been demonstrated and funding contributions, planning approvals, designs and project costs have not provided. Planning for the project has been limited and the application does not providing any supporting documentation. The project does not meet the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00064	Warrigal Road State School	construct amenities and redevelop the kitchen at Warrigal Road State School, Eight Mile Plains	Warrigal Rd EIGHT MILE PLAINS	South East	Brisbane	Sunnybank	\$ 600,000.00	\$ 300,000.00	\$ 600,000.00	\$ 300,000.00	<p>This project is recommended as a short-listed applicant as the project will assist the school to deliver sport and recreation activities in conjunction with outside school hours care programs. The project is a program priority to increase use of school based facilities for community and can be delivered within program timeframes.</p>
F-033-00052	Highfields State School	construction of a multipurpose community auditorium on land at the Highfields State School at Highfields. The auditorium will be approximately 678 square metres, fitted with sports flooring to provide a venue for a variety of sports activities for the School and the wider community. The auditorium will include a stage and storage areas.	10475 New England Highway HIGHFIELDS	South East	Toowoomba	Toowoomba North	\$1,259,000.00	\$584,000.00	\$1,259,000.00	\$583,924.20	<p>This project is recommended as a short-listed applicant as the School has demonstrated a high project need. Identified service delivery gaps in the community are directly addressed as the nearby Highfields Indoor Sports Center is used to capacity during peak hours. A range of groups has been identified as additional users and letters of support from these groups indicate a major increase in participant numbers. The Major Facilities Program priorities are addressed through access for a range of target groups with whom extensive consultation refined the design concept to meet the needs of target groups. A letter from the Principal has demonstrated a commitment for community use of the proposed facility. While a Development Approval application is yet to be lodged, funding contributions are confirmed including funding from Toowoomba Regional Council and from Queensland Education under the Smart School Subsidy Scheme.</p>

F-033-00015	Central Highlands Regional Council	Redevelopment of the existing Blackwater Community Pool complex via the construction of a new 25 metre indoor, heated pool with plant room and store room at Blackwater.	2 Mackenzie St BLACKWATER	Central	Central Highlands	Gregory	\$2,000,000.00	\$1,000,000.00	\$2,000,000.00	\$1,000,000.00	<p>This project in Blackwater is recommended as a short-listed applicant as need and increased participation opportunities are clearly demonstrated. There is a significant number of programs identified for different user groups and a major increase in number of participants. The applicant has provided information that addresses the Major Facilities Program priorities. The project is planned with strategies for water management and includes well devised energy efficiency measures.</p> <p>Land tenure is not applicable but no evidence has been provided to support this, but the applicant has permission for development from land owner. Further work is required to confirm costing and funding details. Project is achievable within the program funding period. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00141	Barcaldine Regional Council	upgrade of an existing swimming pool to a 25 metre x 8 lane heated pool including disabled access and a new larger amenities block for swimming at Alpha	Dryden St ALPHA	Central	Barcaldine	Gregory	\$1,639,000.00	\$819,500.00	\$1,639,000.00	\$819,500.00	<p>This project is recommended as a short-listed applicant as the Council has demonstrated that the project meets the identified service delivery gaps and how it will enhance participation opportunities in the Alpha community. Land tenure is confirmed and Development Approval has not yet been lodged. Funding contributions from Council have been identified in the budget.</p>
F-033-00007	Hervey Bay Bowls Club Inc	upgrade two lawn bowls' green surfaces with artificial turf at Scarness.	11 - 17 Denmans Camp Rd SCARNESS	Central	Fraser Coast	Hervey Bay	\$400,000.00	\$200,000.00	\$400,000.00	\$200,000.00	<p>This project is recommended as a short-listed applicant as the Club has demonstrated project need and how it will increase participation opportunities. The applicant addresses the Major Facilities Program priorities, as the project provides significant access to a range of target groups and the general community and is planning new activities. The project will deliver significant water management strategies. Land tenure is confirmed, and development approval is not required. Funding contribution are confirmed and the scope of works is clearly defined. The project is achievable within the program funding period which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00137	Hinchinbrook Shire Council	installation of new flood lighting at the showgrounds for rugby league and equestrian at Ingham	Cooper St INGHAM	Northern	Hinchinbrook	Hinchinbrook	\$570,000.00	\$285,000.00	\$570,000.00	\$285,000.00	<p>This project is recommended as a short-listed applicant as the Council clearly demonstrated this project meets the identified service delivery gaps and will enhance participation opportunities. The applicant has provided information that addresses the Major Facilities Program priorities as the project provides access to a range of target groups including the general community and has provided evidence of community consultation. Land tenure has been approved and Development Approval is not required. Funding contributions have not been confirmed although a commitment has been made by the Council in the next budget.</p>

F-033-00039	Bargara Golf Club	Installation of an underground watering system taking the recycled water supplied from council recycling plant to irrigate the clubs 18 hole golf course at Bargara.	Miller Street BARGARA	Central	Bundaberg	Burnett	\$940,709.00	\$470,354.00	\$940,709.00	\$470,260.43	This project is recommended as a short-listed applicant as the project need is clearly identified. There is an anticipated increase in participation and growth of additional users for the facility. The application provides significant access to a range of target groups within the general community. The project is almost entirely dedicated to planned strategies for water management and energy efficiency measures. Land tenure is confirmed and Development Approval is not required. While funding is not confirmed it is achievable by the application stage. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00092	Gold Coast City Council	construct stage one of a new 51 metre x 25 metre, 10 lane outdoor pool, plant room and associated equipment for swimming at Palm Beach	Thrower Dr PALM BEACH	South East	Gold Coast	Currumbin	\$2,997,789.00	\$1,498,895.00	\$2,997,789.00	\$1,498,894.50	<p>This project is recommended as a short-listed applicant as the Council has identified service delivery gaps for the sport and the community as the existing pool has insufficient depth for training and competition. There are a significant number of programs identified for different user groups and a major increase in the number of participants is projected for this facility.</p> <p>The consultation with stakeholders and the community is demonstrated and new activities have been identified through this consultation. The project is planned with strategies for water management and energy efficiency measures. Land tenure and funding contributions have been confirmed. Development Approvals have not yet considered. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00063	Brisbane Metropolitan Touch Association Incorporated	extend the current clubhouse facility to develop new community group meeting areas, a referee's training room, child minding and first aid room, public amenities, disability access, covered spectator viewing areas and undercover player marshalling areas at Camp Hill.	226 Boundary Rd CAMP HILL	South East	Brisbane	Greenslopes	\$1,249,076.00	\$624,538.00	\$1,249,076.00	\$624,538.00	<p>This project at Whites Hill is recommended as a short-listed application as the Association demonstrates identified service delivery gaps for this sport in this location. The project clearly defines how it will enhance participation opportunities. The project is not near other facilities and demonstrates that there is a high demand for additional facilities. The Expression of Interest shows the project will attract new events, programs and competitions at the regional, state and national level. There is a significant number of programs identified for different user groups and a major increase in the number of participants is expected. The Major Facilities Program priorities are included as the project provides access to a range of target groups within the general community. Through consultation with these groups the Association has identified new activities. Strategies for water management and energy efficiency are included.</p> <p>Land tenure is confirmed for five years, but the applicant expects that Brisbane City Council will agree to 15 years. Some funding contributions for the project are confirmed and evidence provided. Th</p>

F-033-00048	Marlin Coast Bowls Club Incorporated	upgrading the surface of the green from plastic to carpet based system and the erection of a permanent steel roof over the green to provide an all-weather facility for bowling at Trinity Beach	Trinity Beach Rd TRINITY BEACH	Far North	Cairns	Barron River	\$947,000.00	\$473,500.00	\$947,000.00	\$473,500.00	<p>This project at Trinity Beach is recommended as a short-listed applicant as it meets the identified service delivery gaps for the sport and community. The project indicates the intention to enhance current levels of participation in the sport of lawn bowls and clearly identifies the inclusion of additional users as well as demonstrating how the project will attract new events, programs and competitions particularly through the provision of improved greens and shade cover. The Major Facilities Program priorities are addressed through provision of access to a range of target groups within the general community. The project includes strategies for water management and energy efficiency.</p> <p>Land tenure is confirmed as Council correspondence indicates that the lease has been approved until 2020. The Council has given permission for the project to be constructed and indicates that Development Approval will not be required. Funding contributions for the project are confirmed. The projects meets the criteria to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00081	Logan City Council	install lighting for two sports fields at Jimboomba.	Cusack Lane JIMBOOMBA	South East	Logan	Beaudesert	\$540,000.00	\$270,000.00	\$540,000.00	\$270,000.00	<p>This project is recommended as a short-listed applicant as the addition of lighting will extend the hours of training and play at the existing facility. The applicant has provided information that addresses the Major Facilities Program priorities, as the lights will provide extended hours of use so greater opportunities will be available for schools and social clubs to access the fields.</p> <p>Land tenure and funding contributions are confirmed which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00090	Gold Coast City Council	construct ten synthetic grass courts with lighting and rainwater tanks for Gold Coast Seniors Tennis Club Inc and Miami Tennis Club Inc for tennis at Miami	Oceanic Dr MERMAID WATERS	South East	Gold Coast	Burleigh	\$1,178,275.00	\$589,138.00	\$1,155,711.00	\$577,855.50	<p>This project is recommended as a short-listed applicant as the Council has clearly demonstrated this project meets the identified service delivery gap for tennis within the community. The population growth already experienced, and the growth projected, particularly in suburbs surrounding the Gold Coast Seniors Tennis Club and Miami Tennis Club, coupled with near capacity operations of the club, illustrates the need to expand. The organisation has clearly demonstrated how the project will attract new events, programs and competitions at the local, regional, state and national level, including the 2010 Australia Senior Championships. Land tenure is not confirmed, however Education Queensland (owner of the land) is in the process of transferring the land title to Gold Coast City Council for the tennis courts. Development Approvals are yet to be lodged and funding contributions for the project are confirmed</p>

F-033-00144	Mackay PCYC	extend current multipurpose facility with a new gymnasium for martial arts, muay thai kick boxing and badminton at Mt Pleasant	Norris Rd NORTH MACKAY	Northern	Mackay	Mackay	\$600,000.00	\$300,000.00	\$578,000.00	\$289,000.00	<p>This project is recommended as a short-listed applicant as the Club has clearly demonstrated this project meets the identified service delivery gaps for the sports and the local community. The proposed extension to their current facility would enable the club to operate a fully equipped gymnasium aimed at meeting the needs of the groups currently using the facility. There are a significant number of programs identified for different user groups.</p> <p>The target groups using the facility include youth, senior groups, Indigenous groups, people with disabilities, Emergency Services employees and the general community. The consultation with stakeholders and the community is demonstrated and new activities have been identified. The project has strategies for water management and energy efficiency measures</p> <p>Land tenure is confirmed through a thirty year lease to the year 2020 and the landowner has provided permission for the project. Development Approval has yet to be lodged. Funding contributions for the project are also confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00025	The Mcleod Country Golf Club	installing an underground irrigation system to complete stages two and three of a staged underground watering system at Mount Ommaney.	61 Gertrude Mcleod Cres MOUNT OMMANEY	South East	Brisbane	Mount Ommaney	\$350,000.00	\$175,000.00	\$350,000.00	\$175,000.00	<p>This project is recommended as a short-listed applicant as the Club has demonstrated project need and intends to conduct an education and marketing program to attract former and new golfers. The applicant has provided information that addresses the Major Facilities Program priorities and the project is planned with strategies for water management. Land tenure has been confirmed and the Club will be seeking a loan for their funding contribution.</p>
F-033-00122	Townsville City Council	redevelop the existing Kokoda Memorial Pool, including 25 metre x 20 metre heated program pool, children's play pool, hydrotherapy pool, wellness centre and supporting facilities for swimming at Mundingburra	23 Gulliver St MUNDINGBURRA	Northern	Townsville	Mundingburra	\$4,091,568.00	\$1,500,000.00	\$4,069,293.00	\$1,499,941.40	<p>This project in Mundingburra is Stage 1 of an Aquatic Facility and is recommended as a short-listed applicant as the Council has demonstrated this project meets the identified service delivery gaps for the community and indicates intention to enhance current levels of participation based on trend analysis. There are a significant number of programs identified for different user groups and a major increase in number of participants is projected. The consultation with stakeholders and the community is demonstrated, and the project has some minimal water efficiency measures but well devised and planned energy efficiency measures.</p> <p>Land tenure is confirmed as the applicant is the owner of the land. Relevant approvals are not considered at this stage but funding contributions for the project have been considered but are confirmed. Further detail would be required to confirm Council's funding contribution. Timeframes are constrained but may be achievable within program period which satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>

F-033-00042	Moreton Bay Regional Council	construct a new clubhouse, including a storage area, veranda, change room, meeting room, office, canteen and toilet at the Zammit Sports Reserve at Deception Bay.	55 Zammit St DECEPTION BAY	South East	Moreton Bay	Murrumba	\$479,000.00	\$239,500.00	\$464,940.00	\$232,470.00	<p>The project is recommended as a short-listed applicant as need is clearly demonstrated and the project addresses the Major Facilities Program priorities. The project is for a clubhouse which caters for the community's growing sport and recreation needs. The new clubhouse will increase overall participation at the facility by attracting new events, programs and competitions at the local and regional level including junior and senior athletics and Special Olympics Redcliffe Regional Athletics. The project includes strategies for water management and energy efficiency.</p> <p>Land tenure is confirmed and Development Approval has been provided. Funding contributions for the project are confirmed. The project is at the detailed design stage and satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.</p>
F-033-00032	Warwick Hockey Association Inc	upgrade the existing water based synthetic hockey surface to a hybrid wet/dry surface at Warwick.	Alice St WARWICK	South West	Southern Downs	Southern Downs	\$420,000.00	\$210,000.00	\$420,000.00	\$210,000.00	<p>This project is recommended as a short-listed applicant as the Club has demonstrated that the project will provide access to the community at a reasonable cost, and the project will reduce the cost of excess water charges and will be able to provide new programs and attract new events. Land tenure is confirmed, the designs are appropriate and a portion of its funding contribution is confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage. However, the local government funding of \$145,000 has not been confirmed but it may be confirmed by application close in February 2009.</p>
F-033-00117	Toowoomba Regional Council	construct a community based off-road 1.380km (8m wide) criterium cycling track with toilet and shower facilities, and 2 shade structures for cycling at Kearney Springs	Ruthven St KEARNEYS SPRING	South West	Toowoomba	Toowoomba South	\$2,632,094.00	\$1,041,047.00	\$2,082,094.00	\$1,041,047.00	<p>This project is recommended as a short-listed applicant as the Council has clearly demonstrated this project meets the identified service delivery gaps as there is currently no off-road cycling facility for community use, training or competitive cycling within the Toowoomba Regional Council area. There are three active cycling clubs in the area with over 800 members. The organisation has clearly demonstrated how the project will attract new events, programs and competitions at the local, regional, state and national level. The consultation with stakeholders, users and the community is demonstrated and new activities have been identified through this consultation. The project is planned with strategies for water management and energy efficiency measures. Land tenure is confirmed, letters for support have been provided by schools, cycling clubs, triathlon clubs, Cycling Queensland and local groups. Development approvals have not been lodged but contributions for the project are confirmed.</p>
							\$21,034,511.00	\$9,696,472.00	\$20,403,612.00	\$9,667,006.83

G2 Reference	Client	Detailed Description	Project Address	SRQ Region	LGA	State Electorate	Total Project Cost	Total Funding Requested	Eligible Project Cost	Maximum Fundable Amount	Moderated Rationale
F-033-00119	YMCA of Brisbane	construct a multipurpose indoor sport and aquatic centre for netball, soccer, swimming and basketball at Bowen Hills	61 Edmondstone Rd BOWEN HILLS	South East	Brisbane	Brisbane Central	\$10,400,000.00	\$4,000,000.00	\$9,996,340.00	\$1,499,451.00	This project is recommended as a short-listed applicant as the organisation has demonstrated project need as the inner city area has limited sport and recreation facilities. As a result of future plans to build more high density housing in Bowen Hills and the influx of additional residents and workers to the area a sport and recreation facility of this kind will be essential. Land tenure is in the process of being confirmed, funding contributions are confirmed, and the design and costings are appropriate for this project.
F-033-00133	Whitsunday Regional Council	install pool heating at Collinsville Swimming Pool, including three electric heater pumps, thermal blankets, two filtration pumps, three filters, chemical control equipment and demolition and removal of old plant materials	38 Conway St COLLINSVILLE	Northern	Whitsunday	Burdekin	\$380,000.00	\$190,000.00	\$348,195.00	\$174,097.50	This project to install heating at the Collinsville pool is recommended as a short-listed applicant as the Council has demonstrated that the pool would be open year round which will enhance participation opportunities. Council has committed funds for the project in their 2008/2009 budget. The project is planned with strategies for water management and will use solar blankets which are designed to maintain a consistent water temperature and reduce water evaporation. The costs of the pool blankets have been excluded from the eligible costing as they are not eligible under this program. The installation of pool heating will include energy efficient equipment. The land is owned by the Whitsunday Regional Council, Development Approvals are not required and funding contributions for the project have been confirmed. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00112	Caloundra Tennis Association Inc	construct six new tennis courts, relocate soccer fields and install lighting to soccer fields for tennis and soccer at Caloundra	Arthur St CALOUNDRA	South East	Sunshine Coast	Caloundra	\$391,383.00	\$195,691.00	\$391,383.00	\$195,652.36	This project is recommended as a short-listed applicant as the Association clearly demonstrates the need for the project how it will enhance or increase participation opportunities. There is a high demand for additional facilities and an indication of a major increase in number of participants. Some water saving and energy efficiency strategies have been planned. The land tenure is confusing and needs further clarification but the land owner has given permission for the project to be undertaken. Relevant approvals have not considered but funding contributions for the project are confirmed and evidence is provided. The project satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00017	Carindale PCYC	enclosing all walls to the roof of the multipurpose court at Carina to allow playing in all weather conditions. In addition to construct an indoor rock climbing wall..	27 Narracott Street CARINA	South East	Brisbane	Chatsworth	\$300,000.00	\$150,000.00	\$300,000.00	\$150,000.00	The project at Carindale is recommended as a short-listed applicant as need is demonstrated as well as increased participation opportunities at the local and state level and improved safety conditions. Consultation with stakeholders, users and the community is demonstrated and new activities have been identified through this consultation. Land tenure is confirmed until 2015. The additional funding for the project is confirmed. The project is achievable within the program funding period and satisfies the requirements to proceed to Major Facilities Program 2009 Application stage.
F-033-00072	Eastern Suburbs Hockey Club Inc	refurbish the existing grass cricket oval into a water-based synthetic hockey field, including lighting and fencing for hockey and football at Carina	401 Stanley Rd CARINA	South East	Brisbane	Chatsworth	\$1,360,000.00	\$680,000.00	\$1,360,000.00	\$680,000.00	This project is recommended as a short-listed applicant as it meets the identified service delivery gaps for the sport and community and has the potential to enhance current levels of participation. The organisation has clearly demonstrated how the project will attract new events, programs and competitions at the local, regional, state and national level and has identified programs for different user groups. Land tenure has been confirmed with a 10 year lease being negotiated and funding contributions are yet to be finalised. Overall the projects satisfies the requirements to proceed to the Major Facilities Program 2009 Application stage.
F-033-00030	Hope Vale Aboriginal Shire Council	Construction of a 25m swimming pool and associated complex at Hope Vale.	Muni St HOPE VALE	Far North	Hope Vale	Cook	\$3,300,000.00	\$1,500,000.00	\$2,800,000.00	\$1,400,000.00	This project is recommended as a short-listed applicant as need is clearly demonstrated as it meets the identified service delivery gaps for the sport and the community. There are a significant number of programs identified for different user groups and an increase in the number of participants. The project is identified as a high priority by Council. Land tenure is confirmed. Funding contributions, design and project costs require confirmation.
