- 1. My name is Peter Gleeson and I have been employed by the Gold Coast Bulletin since 1993 as a Council reporter, Chief of Staff and Chief Reporter. I am often asked to do political and Council stories, particularly in the lead-up to an election.
- 2. The articles, "Clarke: we can make it work" published March 29, 04, "Paying the piper", published April 13, 04 and "Mayor-elect's deal may see "bloc" leader as deputy", published April 3, 04, were written by me. The letter from Councillor Pforr referred to in correspondence to the Bulletin was sent to me via facsimile on 21/3/04. A copy is attached. The articles titled "Tickets please" dated February 20, 04, untitled p 9 story, March 11, 04 and "Candidates asked to reveal donors" (p 5, March 12, 04) were also written by me.
- 3. The interviews required for these stories were conducted in the days leading up to their publication.
- 4. I cannot recall anyone else being present during the course of any of the interviews that I conducted in the lead-up to the publication of these stories.
- 5. The interviews were conducted generally by telephone at the Gold Coast Bulletin offices and from time to time in person.
- The articles are a true and accurate account of those interviews.
- 7. The conversations were recorded in my notebook. They were not taped.
- 8. I have not been able to locate the notes that I made during the course of interviews conducted for the purposes of the stories referred to in paragraph 2.
- 9. In relation to the story "Mayor-elect's deal may see "bloc" leader as deputy" published April 3, 04, I confirm that the comments contained therein were, to the best of my knowledge, true and accurate. Included in the story was the passage:

"The Clarke team told Cr Power that if he delivered the eight votes required to implement a reform agenda, Mr Clarke would support Cr Power in any future Mayoral campaign – probably in 2008".

I cannot now recall who it was that informed me of this. I believe that I conducted telephone interviews in respect of the story on 2 April 2004 at the Gold Coast Bulletin offices and subsequently on my mobile telephone. I recall speaking with both Councillor Power and Graeme Staerk prior to publication of the story. Despite my efforts, I have been unable to locate any notebooks pertaining to the story.

10. I do not believe that I have any further information that could assist the investigation.

ETER GLEESON

13/10/05

- 1. My name is Fiona Hamilton and I have been employed by the Gold Coast Bulletin since 2003 as a Council reporter and Surfers Paradise reporter.
- 2. The articles Dawn calls for CMC probe (1/12/04), Lamb silent on no conflict calls (2/12/04), Chip and the Bloc (22/12/04), Boyle eyes loophole (26/8/05), CMC probes Mayor (27/8/05), Donors' land in change of use (1/9/05), Loose lips may sink bloc's ship (3/9/05), Council denies CMC link to project's axe (9/9/05), Heat on as second poll fund bared (23/8/05), Candidates' secret backers (10/9/05), Council ice by fury (12/9/05) were all written by me. In addition, the unattributed articles, Rookie Rob calls for contentious Council to be canned (15/8/05), A CMC please explain for the Mayor (30/805), Mayor disputes his own return amendments (1/9/05) and Fueding factions concur on probe (1/9/05) were also written by me.
- 3. The interviews required for these stories were conducted in the days leading up to their publication, usually the day before.
- 4, 5. The interviews were generally conducted by telephone from the office of the Gold Coast Bulletin, although I may also have conducted a couple of face-to-face interviews..
- 6. So far as I am aware, the articles that were published were a true and accurate account of the interviews that were conducted.
- 7. The interviews that I had were recorded in my notebook. I did not tape-record any interviews.
- 8. I have managed to locate my notebooks pertaining to stories published on 15/8/05, 23/8/05, 26/8/05, 27/8/05, 30/8/05, 1/9/05, 3/9/05, 9/9/05, 10/9/05 and 12/9/05. I can no longer access the notes which I took during interviews pertaining to the other stories referred to above as the relevant notebooks have now been discarded or, in some cases, misplaced.
- 9. I do not believe that I can offer any further information that could assist the investigation.

FIONA HAMILTON

- 1. My name is Joanne Gibbons and I have been employed as a general news reporter at the Gold Coast Bulletin since 1997. My primary role over the last four years has been as health reporter, but as a senior journalist I am often asked to tackle stories on a variety of issues, including local Council.
- 2. The article "It's a Power blackout" published on February 23, 2004 was written by me.
- 3. The interview with Cr David Power was conducted at the Gold Coast Bulletin office, 385 Nerang Road, Molendinar, on Sunday, February 22, 2004.
- 4. No-one else was present when the interview was conducted.
- 5. The interview was conducted by telephone.
- 6. The article is a true and accurate account of Cr Power's comments to me during the interview.
- 7. The conversation was recorded by me in my notebook. It was not taped.
- 8. I have searched for the notes relevant to this interview, however I have not been successful in locating the relevant notebook.
- 9. I do not believe I can offer any further information that could assist the investigation.

Response to CMC queries:

- 1. My name is Ryan Ellem and I have been employed as a general news reporter at the Gold Coast Bulletin since December 2003. Over the last 18 months I have covered the Surfers Paradise round, but also cover Gold Coast City Council stories when required.
- 2. The article 'The new boys on the block are ready to roll' was written by myself on Sunday, March 28, 2004 and published on Monday, March 29, 2004. The article 'All bets are off as Irene threatens to dob in "independent" was written by myself on Monday March 29, and published on Tuesday March 30, 2004.
- 3. The interview conducted with Cr Grant Pforr was done over the phone on Sunday morning, March 28, 2004, and the same was done with Cr Rob Molhoek. The interview with Irene Wareing was conducted over the phone on March 29, 2004, while the interview with Cr Greg Betts was done at his house on the evening of that day.
- 4. The interviews with Cr Grant Pforr and Cr Rob Molhoek were private phone calls. No one else was present. The interview with Irene Wareing was private and completed over the phone. The interview with Cr Betts was done at his house. I recall Cr Betts' wife was present for part of the interview.
- 5. The interview was completed with Cr Grant Pforr over the phone, and with Cr Rob Molhoek over the phone, in two separate interviews. I spoke to Ms Wareing over the phone, and Cr Betts at his house in Burleigh Heads.
- 6. The article is a true and accurate account of both Cr Pforr's comments in our interview, and Cr Molhoek's comments in our interview. The article concerning Ms Wareing and Cr Betts is also a true and accurate account of our interviews.
- 7. All four separate conversations were recorded in my notebook. None were taped.
- 8. The four interviews were recorded in a notebook that I have been unable to locate, and therefore believe has now been discarded.
- 9. I do not believe I can offer any further information that could assist the investigation.

3 PURPOSE OF REPORT

The purpose of this report is to recommend Council's involvement in the proposed Innovation Showcase.

4 PREVIOUS RESOLUTIONS

5 DISCUSSION

5.1 Background

Innovation Showcase is an initiative designed to 'showcase' the region's innovative products and services. It is designed so that the region's public, private and community organisations can take advantage of this facility which is planned to open later this year in Gold Coast Airports Terminal Three, the former international terminal.

Council has been proactive in its efforts to diversify the City's industry base and ensuring its place in the global "new economy". To embody this direction, Council and the business community have adopted the "Gold Coast - Innovation City" brand. As a result there are strong connections between the efforts of Innovation Showcase and Council.

Traffic through Innovation Showcase will range from local, national and international consumers, buyers, distributors and financiers. The end goal of this initiative is to provide exposure to the region's innovative products and services and foster an international recognition of Gold Coast City as an important place to do business.

Innovation Showcase is a permanent business expo, with exhibitors renting indoor and outdoor space. The showcase staff will handle individual product promotion, including private presentations.

The showcase will focus on the 17,000 southern migrants moving to the City each year by providing a snapshot of the region's facilities. It is also anticipated that the showcase will work with the Gold Coast Chambers of Commerce and Council in promoting the City to 350,000 convention delegates per year as well as working with 600,000 inbound international tourists providing processing services on their arrival. The showcase will also co-operatively market with the participants and sponsors through special promotions to all travellers to the City.

36 AGENDA

Incorporated within Innovation Showcase will be an allied venture to be called the Meeting Place which will house a business centre with conference rooms and a theatrette that can be adapted to cater for product launches and functions.

The Innovation Showcase concept has received widespread support from all levels of government in the form of letters of support from various Gold Coast City Council councillors, and State and Federal Government representatives (refer Attachment, pages 1 to 15 of 20).

5.2 Economic Development Strategy

Three of the key Fundamentals included in the Economic Development Strategy which are crucial in assisting the City achieve its desired position within the global economy are Image and Identity, Cooperation and Innovation City.

Image and Identity tackles one of the most significant issues facing Gold Coast City at the moment, that is of reflecting an accurate and positive image of the City, and in securing adequate investment for infrastructure and City initiatives.

Two fundamental criteria of economic development are that committed action produces results and that a strong focus on cooperation is also necessary for success. Cooperation is important on at least three levels:

- * Cooperation at the industry level, establishing strong and active industry clusters and networks, and working cooperatively to resolve structural issues, establish capability and grasp opportunities in many ways.
- Cooperation at the whole of City level.
- Cooperation on the regional, or South East Queensland, scale (including Tweed).

In times of rapid change, innovation is the life-blood of economic opportunity and achievement. Innovation is developing new ideas and then achieving commercial success with them. It extends beyond the technical to include business, creativity, design, entrepreneurial activity and culture.

The approach for displaying innovative products and services as has been demonstrated by innovation Showcase goes a long way toward implementing initiatives that will address the requirements of the above mentioned Fundamentals.

5.3 **Proposed Council Support**

It is proposed that the most effective method for supporting Innovation Showcase will be to fund displays for the eight local area industry clusters, which are:

- Gold Coast Region Information Technology Forum
- Gold Coast Food Forum
- Gold Coast Education and Training Network
- Surfboard Manufacturing Cluster
- Gold Coast Region Environmental Industry Association
- Gold Coast Health and Medical Industry Association
- Film Industry Working Party
- Gold Coast Marine Industry Association.

It is anticipated that each of these clusters will require an average 2 square metres, which means for the clusters, the space requirement will be 16 square metres at an annual cost to Council of \$24,000. It is intended that the 16 square metres will be in one location with a display focusing on Council's Economic Development program, the clusters it supports and the Innovation City message.

In return for taking this amount of space Innovation Showcase have agreed that Council will be provided the additional benefits associated with sponsorship, which include:

- Gold Coast City Council to be acknowledged as a sponsor on all printed material.
- Sponsor banner display within the Innovation Showcase.
- Innovation Aspect Magazine quarter page colour advertisement.
- Sponsor recognition on Website and links.
- Gold Coast Bulletin supplement.
- Collaborative marketing projects.

Each of the industry clusters will also receive all of the exhibiting benefits including:

- Innovation Showcase Website.
- Cold Coast Bulletin supplement (four annually).
- Website links.
- Innovation Showcase brochure.
- Cooperative marketing opportunities both national and international.

8 COUNCIL POLICIES

Council's current Financial Assistance Policy last amended in May 2001, which replaced the Donations Policy, requires that for the provision of funding in excess of \$10,000 a Major Event Risk Assessment Checklist must be completed prior to sponsorship being considered. This assessment is designed as an internal check and provides the basis for determining the applicant's ability to implement the project, which in this case is Innovation Showcase.

Innovation Showcase has addressed each of these criteria quite extensively, and at this stage only a few remain incomplete. This is due largely to the fact that the event is planned to commence this year and as a result certain information will not be available until Innovation Showcase is operational (refer Attachment, pages 16 to 20).

9 DELEGATIONS

Not applicable.

10 BUDGET/FUNDING

An amount of \$24,000 is to be sourced from the Economic Development Branch Budget, Project Number JE60 - Business Promotion. This amount is space rental for 1 year, when the time comes to renew this arrangement the effectiveness of the exercise will be assessed and renewal will be considered.

To minimize risk associated with supporting this event arrangements will be made for the contribution to be fifty percent upfront and the remainder to be paid periodically over the course of the year. The timeframe for the periodic payments will be factored into a Services Contract and if there is cause to terminate the contract payment will not go ahead.

11 COORDINATION & CONSULTATION

The Innovation Showcase initiative has been endorsed by REDAC and has the support of each of the eight industry clusters/associations, as well as a range of local, state and federal government representatives.

12 TIMING

Innovation Showcase is due to open for operation in October 2003. Upon Council approval a Services Contract will be developed that stipulates the requirements of both parties and the timelines for payment and operation.

13 STAKEHOLDER IMPACTS

As a major sponsor of Innovation Showcase Gold Coast City Council is providing an opportunity for the eight industry clusters/associations to obtain significant local, national and international exposure. This opportunity has received unanimous support from each of the eight industry clusters.

ITEM 7 (Continued)

14 CONCLUSION

The current Financial Assistance Policy requires that external organisations meet certain assessment criteria prior to receiving any funding. These criteria have been assessed and the results are included in the attachment.

It is also believed that by supporting Innovation Showcase Council is potentially assisting local industry to obtain significant local, national and international exposure. This initiative also has the potential to assist Council position itself in the global economy in three key fundamentals including Image and Identity, Cooperation and Innovation City.

15 RECOMMENDATION

It is recommended that Council resolves as follows:

- 1 That Council approves the provision of \$24,000 from the Economic Development Branch Budget for the support of Innovation Showcase.
- That the Chief Executive Officer (Director EDMP) forwards a copy of the report and Council's resolutions to Mr Lionel Barden, Managing Director, Innovation Showcase.

JABIRU ISLAND: where do we go from here?

(Excerpt from address at public meeting, held Sunday 11 January, 2004 at Jabiru Island.)

My name is **Grant Pforr** and I'm your candidate for Division 3 in the upcoming Council elections on March 27th.

I live in our electorate and spent my first 30 years at Paradise Point. I say this because I believe as a candidate, you need to know where the area has come from, before you can plan for its future.

Jabiru Island - where do we go from here?

No-one wants Couran Cove to go out of business, however, we all want to see a better managed mainland facility operating. The current Runaway Eay marina is under huge pressure. What happens if the expansion of the Island Resort moves to it's capacity in the near future?

- 1. Couran Cove needs to find an alternate site. I've been communicating with all parties regarding several locations other than Jabiru.
- 2. If Council does approve the terminal here on Jabiru, we don't stop here. We need to put our concerns very strongly to the State Government and lobby all ministers. Perhaps we can block it here.
- 3. If all else fails and the terminal is approved by all levels of Government, Council should address & regulate the ferry terminal so as to address all residents concerns. Even if it means having some of the operations at alternative sites. For example the water taxi. This could be done in the appeals process.

I will continue to communicate with all parties on this and other issues, as I feel Jabiru Island could continue to haunt the Gold Coast City Council for years to come. Thank you.

et's put the jigsaw back together The 'big picture' is important too!

The Gold Coast is like a jigsaw puzzle made up of 14 pieces, the 14 Divisions which make up the Council. In choosing to nominate as a candidate for Division 5, I do so with a guaranteed passion for the jigsaw piece that is made up of the local communities of Division 5. You can be assured the local area will always remain my premier concern as a Councillor.

However, I also give you a guarantee that I will devote energy and effort to bring together the 14 individual people responsible for these 14 individual jigsaw pieces and then seek to carefully re-construct the 'big picture' which has become fragmented and of which we appear to have lost sight. More importantly now than at any time in the Gold Coast's history, I believe we are desperately in need of representatives who are prepared to systematically and methodically see and create the 'big picture' that is the Gold Coast City. In this 'big picture' mode we must have our representatives working less as individuals and more as a cohesive team and thus, through consultation, bring better services to you the community.

either 8 April or 9 April 2004.

The format of the interview, example, in person or by phone.

Interviews of Councillor Sarroff, Mr Solomon and Mr Janssen took place at the Council Chambers. Attempts to talk to Mel Chalmers and Lionel Barden were conducted by telephone in the case of Mr Chalmers and by telephone or email with Mr Barden.

Whether the article is a true and accurate account of what the relevant person/s has stated.

To the best of my belief and knowledge, the articles were accurate.

How the conversation with the relevant person/s was recorded.

In a reporter's notebook.

The existence of any notes or tapes to support the accuracy of what was stated by the relevant person.

Generally it is not my practice to retain notebooks for any length of time and, consequently, the relevant notes have long since been disposed of.

Any other information that may assist this present investigation.

I have no further information which would be of assistance to the investigation.

- 1. My name is Merilyn MacKenzie. I am a journalist with Sun Community Newspaper, a position I have held for the last three years.
- 2. The articles entitled *Roxanne hits back on funds* (14/04/04) and *Young muscled out, admits Shepherd* (21/04/04) were both written by me.
- 3. I have no specific recollection of when the interviews required for these stories were conducted, however they would normally have been conducted in the week prior to publication.
- 4. I do not recall anyone being present during the interviews for the stories.
- 5. To the best of my recollection, the interview with Roxanne Scott was conducted by telephone. However, the other interviews for the purposes of the stories were conducted in person, although I may have telephoned one or two interviewees for clarification.
- 6. The articles written by me are true and accurate.
- 7. Notes of interviews were taken and, in some cases, interviews were tape-recorded.
- 8. I have moved a couple of times since the stories were written and I have been unable to locate any notes or tape-recordings of interviews, despite efforts that I have made to locate those records.
- 9. I do not believe I have any other information that may be of assistance to the investigation by the CMC.

MERILYN MACKENZIE

- 1. My name is Carly Hennessy and I have been employed at the Gold Coast Bulletin since 2004 as the education reporter and court reporter.
- 2. The article "Boykambil residents voice fears over Hope Island work. Pforr: my vote will be honoured" (19/4/2004)" and "Axe to fall if deceit proved" (31/8/2005) were both written by me.
- 3, 4, 5. The location of the interview in respect of the first story was the Boykambil boat ramp on Sunday, 18 April 2004. According to my notebook, many people were at the rally, but I do not recall if any were present at my interview with Councillor Pforr. The interview was conducted after a rally at which Councillor Pforr addressed residents about their concerns. To the best of my recollection, I talked to him twice after he had addressed the crowd. The comments of the Local Government Minister, Desley Boyle, as contained in the second article written by me, were made by the Minister at a press conference at the Local Government Association Queensland conference on 30 August 2005. I cannot now recall the exact reporters at the press conference, but I remember the Courier-Mail photographer was there as well as various television stations and representatives from radio stations 4BC and ABC.
- 6. To the best of my knowledge, each of the articles is a true and accurate representation of what occurred and what was said on the relevant occasions.
- 7. I still have my notebook pertaining to the story published on 19 April 2004. However, I no longer have a recording of the Minister's press conference referred to in the second story, but I do have a transcript of the press conference.
- 8. I do not believe I have any other pertinent information relevant to the investigation.

TO WHOM IT MAY CONCERN

Brian Mossop is a feature writer who has been been a journalist for 40-odd years and has been employed by The Gold Coast Bulletin for the past 10-plus years. The article 'Pair driven by passion' was part of a series on Gold Coast City Council election contenders and was published on Monday, March 22, 2004 in The Gold Coast Bulletin. It is a true and accurate reflection of the information provided in the interviews with both Peter Young and Brian Rowe.

The interviews, from memory, were conducted during the previous week. My recollection is that Peter Young was interviewed in his Council office while that with Brian Rowe took place in a coffee lounge at Coomera. In both cases — public aside in the coffee lounge - only myself and the interviewee were present for the face to face interviews, the information from which formed the basis of the article.

Both interviews were conducted with a small tape recorder. The tapes, although kept for some time, were later used for further interviews and recorded over.

I can assure the investigation that what was stated in the article was an accurate reflection, either by way of quotes, statement or inference, of what was told to me by the subjects.

Yours faithfully,

<u>Brian Mossop</u>

Letter to the Editor Att Bob Gordon

26th March 2004

Bob, please note I am sad that I had to write this letter. I am dissapointed in your paper's representation of the facts over the last few days. Hilights:

You wrote I have been "identified as the unofficial chairman" of the "power block"

Not true – I am <u>not</u> official or unofficial chairman of any group of people and I told your reporter that. I have met with some candidates only once a few days ago in the capacity of a consultant. You wrote "On Wednesday he denied involvement in the fund saying I promise on my heart, cross my heart I have not."

Not true – The "I promise on my heart" expression was in answer to a question regarding a meeting with Brian Ray to which I answered honestly that I had not met Brian in probably four years

On Wednesday I answered all questions put to me honestly.

The Facts.

Back on Friday the 26th December your newspaper ran a front page article on a "power block" made up of Wayne Skuthorpe,Don Magin,Guy Jones,Linda Browne Irene Wareing Dr. Karen Coates supported by Peter Young and Dawn Critchlow.

Many members of the Combined Chamber of Commerce of which I was one were worried about their policies and the impact on the future direction of the Gold Coast if they were successful. We discussed at a number of Combined Chamber meetings our involvement in the upcoming Council elections to counter what appeared to be a well funded political machine.

In December I retired from the Robina Chamber Presidency as my business interests were all now at Coolangatta. I had no further involvement in the Combined Chamber decisions.

Once the campaign commenced I was invited to a number of meet-the-candidates meetings. I was personally still worried regarding a radical group of candidates and their association with certain incumbents.

I was approached by a number of my former colleagues and friends to put my name to a Trust to which people from a broad business spectrum could donate to support a counter group of like minded candidates who united would make positive and cohesive decisions for the good of the City.

I was asked because:

1) My involvement in the Cities economic development strategies

2) My support for Council and the City in representation including the Melbourne-Sydney and the two Canberra trips.

3) My business cannot gain from Council decisions even being outside of Council bylaws on Gold Coast Airport property.

4) I no longer represented any business group

5) I made no personal investment

I was seen to be neutral.

The Trust fund which your paper provocatively called a slush fund was put in place to diffuse direct donations to candidates, negating the opportunity of implication and influence later. The candidates were not aware of donation sources and the donours had no direct access to candidates

Even I do not know the amount of dollars received until after the election when I sign off on the Trust books for exposure in line with legislation. I do not sign the cheques.

All of the monies are handled by a legal firm and distributed against invoices submitted by professional and commercial companies involved in the production of printing and media etc.

There are no slush funds provided to any candidate and this implication that I would be involved in such activity I take as a personal slur.

Your editorial asks "Why the secrecy". Well if you had not named two of the people providing donations the candidates would not know the source of funds. (Not even I know all the donours) We wished to keep the funding mechanism as clean as possible to reduce the opportunity of influence. This is still our policy yet we still stand accused.

When we provided this information in detail yesterday your paper decided not to print any of the explanation but only to imply through provocative language and untruths some sinister backroom plotting by so called "developers" some councillors and myself.

All this and not one word for the duration of the campaign on the other **secret** power block, also it would appear, well funded. But today your paper donates the whole of page seven to the majority of these people to decry and insult our group.

I have many friends who work at the Bulletin and have campaigned alongside the newspaper on many occasions. I have always defended the Bulletin even when colleagues have considered there was one sided reporting. I am sorry that I needed to write this letter when we should be working together but your reporting on this occasion is incorrect and unfair.

Best Regards,

Lionel Barden

Ms Alice Jones Reporter Gold Coast Bulletin 385 Nerang-Southport Road Molendinar QLD 4214

Dear Alice,

I am delighted to announce that, after much deliberation, Brian Rowe has decided to nominate as a candidate for Division 5 in the upcoming local government elections on March 27. As his Campaign Committee Chairman, it is exciting to witness Brian's passion for representing Division 5 in the Gold Coast City Council.

Please find attached an official invitation to his campaign launch on Wednesday January 28, 5pm, at the Pacific Pines Tavern.

I would be delighted if you could find the time in your calendar to be present on this occasion and I know Brian looks forward to catching up with you.

Also, as Campaign Committee Chairman, I have been pleased indeed by the amount of people that have been keen to make a contribution to the campaign and I remain in their debt for their generosity. A standard amount of \$200 has been forthcoming from many people (and in some cases far more) and I am most grateful.

Should you feel inclined to make a contribution to the cause, please seek me out on the evening of the launch or, alternatively, you may wish to forward it to the Post Office box cited on this letterhead. Contributions may be in the form of financial assistance or may be a pledge of personal time to walk the streets with Brian or to assist at the booths on polling day. Campaigns are certainly very costly in money and in many individuals' personal time. Believe me all assistance is warmly appreciated.

I hope to see you on the 28th.

Warmest Regards,

John Lang

Campaign Committee Chairman.

COOLANDATTA QLD 4225

Dear Lionel

As requested I have pleasure in providing a letter of support for the innovation Showcase.

The Showcasse is an exciting innovative and self-funding promotional venture for the Gold Coast regional community that will provide exposure to the region's innovative products and services and foster an international recognition of the Gold Coast as an important place to do business.

Located in a high traffic area at the Gold Coast Airport it will focus on the 17,000 southern migrants moving to the Gold Coast each year and will joint venture with the Gold Coast Chambers of Commerce and the City Council in their promotion to convention delegates and inbound international tourists.

With an end goal of providing exposure to the region's innovative products and services and fostering international recognition of the Gold Coast as an important place to do business, I fully support all endeavours in making the Showcass an outstanding success.

Sincere regards

25 June, 2003

IN SUPPORT OF IMMOVATION SHOWCASE INCORPORATING THE MEETING PLACE

innovation Showcase, located at Gold Coast Airport Terminal 1, is designed to highlight the Gold Coast regions innovative products and services in one strategic location. Innovation Showcase will act as a window for Gold Coast business houses to tap into the lucrative national and international markets.

The goal of Impovation Showcase is to help promote the Gold Coast City Gouncil's theme of "Impovation City" and to capture the hundreds of thousands of yearly travellers to our city and provide them with a snapshot of those dynamic and innovative products and services they are available on the Gold Coast.

Incorporated within innovation Showcase will be an eitled venture to be called "The Meeting Place" which will house a business centre with conference rooms and a theatrette that can be adapted to cater for product launches and functions.

As the Gold Coast City's Divisional Councillor for Division 11, I wish to add my full support and endorsement of the goals of innovation Showcase, innovation Showcase will facilitate the Gold Coast's growth, investment, business and employment opportunities, which in turn provide the City with a sounder and stronger base.

I congretulate immovation Showcase for its vision.

YOURS STICETELY,

JAN GREW

Dear Lione!

I would just like to congratulate you and all those involved with the 'innovation Showcase', at

This is a tremendous initiative, which can only enhance and strengthen the Gold Coast business community.

The Gold Coast has so much to offer, in so many different spheres. There could be no better way or place to promote our City's corporate image than through the innovation showcese at the Gold Coast Amport.

Office again, congratulations on the initiative you have shown in supporting Gold Coast

Yours sincerely

Dear Lionel

I would like to commend you on your initiative in developing and operating Innovation Showcase.

This facility will provide enormous opportunities for businesses to have direct access to the significant number of people who have accessed this City through Gold Coast Airport, but also the residents of the City who may be educated regarding the enormous potential outside of our well known industry sectors such as tourism and construction.

This is a facility that will showcese what is based on the Gold Coast and significantly assist in diversifying and screngthening our economic base.

I have no hesitation in endorsing the project and offer you any assistance I can in ensuring its success.

MEDIA RELEASE

Greg Betts - Independent Candidate for Division 12 Gold Coast City Council Elections - 27th March 2004 Phone/Fax: 5576 2129 mobile: 0416 080557

Keep Party Politics Out of Council!

Greg Betts an independent candidate for Division 12 in the Gold Coast City Council election on March 27th, 2004 has SLAMMED the National Party Political PUSH into the Gold Coast Council elections.

The National Party will field a candidate in Division 12 at the Council election in March.

"Their candidate failed to win the seat of Burleigh in last weeks Queensland State election and is now attempting a push into Council. The question must be asked - is this to be the consolation prize?" asked Greg Betts who nominated as a candidate for Division 12 last week.

"Our City Council is NOT PARTY POLITICAL and that's how the residents of Division 12 want it to stay. I received many calls since this announcement, many residents are concerned that Party Policy will be represented and not the people. They say there is no place for inter-party rivalries in Council".

"I've been door knocking for many months now and Division 12 voters tell me they want individuals in Council that will represent the wishes of the residents, NOT party hierarchy."

Greg said, "State and Federal politics has already been poisoned by representatives that now care more about working for the interests of the Party rather than the people who voted them into office. We don't want that situation at a Local Government level".

"I am an INDEPENDENT CANDIDATE and can reassure residents that I have been working for the past year towards achieving my long held goal of better representation for Division 12. This is not a last minute decision for me and I have already doorknocked a vast area of the Division to find out what residents Local Government concerns are."

"We need local representation by a local person without Party Political influences and I intend to provide exactly that!

CRANT PFORR

Candidate for Division 3 is a man of action

Grant Pforr is a man who is no stranger to the thrust and parry of dealing with government at all levels.

The candidate for Division 3 in the Gold Coast City Council elections in March this year has lobbied federal, state and local politicians over many years in his quest for funding for charity and community projects with which he has been involved.

He also has been actively associated with the surf lifesaving on the Gold Coast for 38 years and lists life saving legend Garth Andrews among his many close friends and associates in the lifesaving movement.

Mr Pforr was himself a Gold Coast City Lifeguard between 1977 and 1982.

He joined the Southport SLSC in 1966 and was the first Nipper Club State Captain, during which time he helped build the Southport club from its foundations.

As president of the Southport club between 1999 and January 2002 he increased turnover by \$1.5 million to put the club on a sound financial footing.

Champion lifesaver in 1982, Mr Pforr is a current holder of 12 Australian Titles and 43 Queensland Titles, a very impressive record indeed.

He was a Westpac Rescue Helicopter crewman for two years from 1980.

Named Volunteer of the Year for services to the community, Mr Pforr also was honoured with an Australian Sports Medal on Australia Day 2001.

A successful businessman in the building industry, Mr Pforr believes he has much to offer the people of Division 3 - and the Gold Coast City Council in general - as a councillor.

Encouragement from business associates and friends in Division 3 contributed to his decision to stand for Council.

"I feel I can offer a fresh look not only to Division 3, but the bigger picture for the whole of the Gold Coast," Mr Pforr said.

His credentials and background certainly indicate that this is no idle boast.

Born in Brisbane, 46 year old Grant Pforr moved to the Gold Coast with his family when he was only six months old and has lived here ever since

He was educated at the Broadbeach Primary School, then Aquinas College to Year 11, and at Southport State High School to Year 12.

He became secretary of Permacrete Pty Ltd in 1982 and is now Managing Director of that company, based at Paradise Point.

Seventeen years ago he married former Gold Coast beauty queen Elizabeth Hills. The couple has two teenage sons, Zanon 15, and Lyndon 12. The family lives at Hope Island and owns property at Paradise Point.

Mr Pforr has been the founding chairman of the Coomera Watersports Club since 1998 and has raised more than \$1.7 million during that time to support the club's operations.

There was a justifiable note of pride in Mr Pforr's voice when he said:

"I have worked a lifetime for charity organizations and carried out voluntary work with Rotary projects from the Tweed to the Coomera River. My wife Liz and I have worked with many past and present councillors, council officers, State members on both sides of the political fence, as well as Federal members during our charity work, to gain grants and sponsorship for community projects."

With that sort of commitment. Grant Pforr is set to become the front runner for the position of Councillor for Division 3

GRANT PFORR (that's pronounced for') He's working FOR you!

Grant Pforr is familiar with government on all levels. The candidate for Division 3 in the Gold Coast City Council elections in March next year has lobbied federal, state and local politicians over many years in his quest for funding for charity and community projects which he has been involved with. As president of the Southport Surf Club between 1999 and 2002 he increased turnover by \$1.5 million.

He was a finalist in the recent Gold Coast Honours Awards for his contribution to sport and was named Volunteer of the Year for services to the community. Mr Pforr has also been honoured with an Australian Sports Award on Australia Day 2001.

A successful businessman in the building industry, Mr Pforr believes he has much to offer the people of Division 3 - and the Gold Coast City Council in general - as a councillor.

Encouragement from business associates and friends in Division 3 contributed to his decision to stand for council. "I feel I can offer a fresh look not only to Division 3, but the bigger picture for the whole of the Gold Coast," Mr Pforr said. "We need progress, but only with the correct infrastructure, planning and transport management. However, I don't want to lose what is unique to the area and what makes it so special." His credentials and background certainly indicate that this is no idle boast.

At 46 years of age, Grant Pforr moved to the area in 1974 having lived on the Gold Coast his whole life. He brings youth, energy and enthusiasm with the added advantage of experience. He has watched the area grow and change but understands what it once was.

Married for seventeen years to former Miss Gold Coast, Elizabeth Hills, the couple have two teenage sons, Zanon 15, and Lyndon 12. The family resides at Hope Island.

Chair of the Coomera Watersports Club since 1998 he has raised more than \$1.07 million to support the club's operations.

"I am working with all groups within the division to gain a better insight into the needs of our area, such as the Broadwater, roads and traffic management, capturing and recycling stormwater, safety concerns and environmental issues."

"I will make myself available to listen to any concerns the division has and I look forward to serving the areas in my division - Boykambil, Coombabah, Hollywell, Hope Island, Oyster Cove, Paradise Point, Runaway Bay, Sanctuary Cove, Santa Barbara and Sovereign Islands."

"I congratulate Sovereign Islands, Gold Coast City Council, Paradise Point and Northern Progress and the performers involved in the recent success with 'Opera in the Park'. My family, along with many others, enjoyed an evening of classical entertainment."

Please feel free to contact me on mobile 0419 701 942 or phone/fax 5530 8660 or email lgpforr@hotmail.com. With that sort of commitment, Grant Pforr is set to become the front runner for the position as he is already dealing with issues as your candidate.

Grant, Liz, Zanon and Lyndon wish you and your family all the very best for a safe, happy and healthy Christmas

'He's working FOR you'

16 March 2004

Dear Peter

Thank you for Mr Carroll's letter dated 9th March and received Friday 12th March. In response to it I have funded my own campaign as I have publicly stated. I have received great in-kind support from good friends and family, utilising all resources and experience available to me.

My wife has given up her job of almost 6 years as teacher's aide, to be my Campaign Manager and general 'Jill of all trades' right down to designing the printed formats. While some people have been building the Coast for a few years, I've been building the Gold Coast community for a lifetime.

I do strongly believe in candidates declaring all funds and I've written to several businesses and friends to help fund my campaign. I am insulted that Mr Carroll stated in his letter that The Gold Coast Bulletin is "asking all councillors and Candidates", however in your own publication on Friday, 12th March publicly states only "key candidates in a number of sears" have been asked to publicly declare their campaign funding donations. In his own words—is this transparency? Mr Carroll also failed to ask candidates if any political backing or support, and for the record I am not alliliated, not a member of any political party. What of past candidates who have not correctly declared funding from the previous election but who are standing again?

I will be fully compliant with the Local Government Act and look forward to working in Council as the Division 3 Councillor, working as a team player. I am very passionate about my own division and the Gold Coast where I've grown up. Please feel free to visit my website at www.grantplorr.com which gives you a snapshot of my history and in my testimonials I have a proven working track record with all political parties, at all levels of government.

Yours faithfully

Grant Pfo

An overview of the main issues on Grant's agenda.

After months of door knocking and speaking personally to residents of Division 3, it's c these issues are the primary points you want me to act on, as your new representative Gold Coast City Council.

Better Funding

• I'll fight for a better share of State Government funding for key infrastructure projects.

Respect the Environment

• Effectively manage & conserve the Broadwater and Coomera River • Retain Jabiru Is Paradise Point foreshore for public open space • Protect South Stradbroke Island's uniqualities

Sensible Water Management

- Encourage innovation including alternative usage of water storage and rate payer inc
- Seek a whole of city solution to the problems of water storage & flood mitigation.

Fairer Rates

Actively work towards a fairer rate system for all.

Improve Our Roads

• Continue to lobby for upgrades to Hope Island & Oxley Drive • Identify solutions to sk through-traffic on residential streets • Plan extra parking at Broadwater and Paradise F shopping precincts. • Investigate alternate routes for Labrador & Surfers Paradise • Im public transport

Recognise the Needs of our Kids

• With my background as Founder & Chair of Coomera Watersports Club, continue to oprograms and facilities for youth.

Preserve our History

• I have already been instrumental in keeping the Main Beach Pavilion free for communiterests. • I passionately believe in preserving the history of our Gold Coast and with y support will work towards developing our own unique museum.

Stay Independent & Keep Party Politics out of our Council

• I already have a proven track record of close & professional contact with many Council Officers, plus Members Of State and Federal Government of all political persuand I firmly believe that Party Politics has no place in our local government process.
