

Strategic Plan 2023–2027 (Updated 2025)

OUR VISION

OUR PURPOSE

The CCC is an independent agency combating major crime and reducing corruption for the benefit of the Queensland community.

WHAT WE DO

We make Queenslanders safer by investigating and shaping effective responses to serious and organised crime, working and sharing intelligence with the Queensland Police Service and other law enforcement partners, and confiscating criminal profits.

We raise standards of integrity in the Queensland public sector by ensuring corruption complaints are dealt with effectively, strengthening systems and procedures that prevent corruption, and investigating serious complaints about corruption.

We protect witnesses from danger so they can assist law enforcement agencies in the performance of their functions.

MEGA TRENDS						
 Rise of Technology		 Human Factor		 Geopolitical Disruption		 Climate Change and Sustainability
INFORMATION & CYBER SECURITY <p>The rise of technology, reflecting digitisation and the increasing value of data, creates additional cybersecurity risks that can potentially compromise confidentiality, availability, and integrity of information and digital systems and put people’s safety at risk.</p>		NEW DIGITAL TECHNOLOGIES <p>New forms of digital technologies may increase complexity and volume of illicit activity and may pose challenges for identifying evidence, establishing proof of crime, and bring into question the reliability of evidence.</p>		TALENT <p>Talent shortages, a gap in workforce skills, the changing nature of the workforce and challenges associated with a small-scale agency delivering specialist capabilities have the potential to impede our strategy execution.</p>		CHANGE <p>The size and complexity of the CCC transformation program and our ability to adapt to change may lead to delivery risks and reduce the benefits delivered.</p>
REGULATION <p>Legislation that fails to keep pace with our dynamic operating environment and changing regulatory scrutiny may require changes to our operating model to maintain effective and efficient service delivery.</p>		TRUST <p>Accountability and transparency are critical to the performance of the CCC. Failure to communicate effectively may undermine trust in the CCC and the public sector.</p>		ECONOMY <p>Economic instability, anticipated financial implications of a transformational change program, and increasing digital investment may constrain performance.</p>
