The answer is quite simple,
Train Indigenous Police to take
control of their own affairs
with no interference from white
officers. But also have a white
Police force for our own Policing.

Then there can be no blame
put on our Police doing their
duty. If indigenous ask for
assistance with their duties, I
can see no problem ~~arriving~~
from this action.

1. Monitoring done by indigenous
Police
2. Don't transfer ~~them~~ those charged
to man land or other But send
Judge to Remote areas.
